Encyclopedia of Asian American Folklore and Folklife Jonathan H. X. Lee, Kathleen Nadeau, 2010-12-21 This comprehensive compilation of entries documents the origins, transmissions, and transformations of Asian American folklore and folklife. Equally instructive and intriguing, the Encyclopedia of Asian American Folklore and Folklife provides an illuminating overview of Asian American folklore as a way of life. Surveying the histories, peoples, and cultures of numerous Asian American ethnic and cultural groups, the work covers everything from ancient Asian folklore, folktales, and folk practices that have been transmitted and transformed in America to new expressions of Asian American folklore and folktales unique to the Asian American historical and contemporary experiences. The encyclopedia's three comprehensive volumes cover an extraordinarily wide range of Asian American cultural and ethnic groups, as well as mixed-race and mixed-heritage Asian Americans. Each group section is introduced by a historical overview essay followed by short entries on topics such as ghosts and spirits, clothes and jewelry, arts and crafts, home decorations, family and community, religious practices, rituals, holidays, music, foodways, literature, traditional healing and medicine, and much, much more. Topics and theories are examined from crosscultural and interdisciplinary perspectives to add to the value of the work.

Sri Lanka Krishnan Guruswamy, 2002 Examines the history, geography, people, government, economy, art, and recreation of Sri Lanka.

Costumes of Sri Lanka K. D. G. Wimalaratne, Dian Gomes, 2001 The scope of this book is the evolution of Sri Lankan costumes spanning from around 6th century B.C. with the first available records of the island's dress form, to the post-independence era. This broad time span begins with hints of a pre-Vijayan culture of costumes and textiles and ends in the post independence politics and its relationship to dress both in prescription and practice. Sculptures, graffiti, paintings, literature and photographs in the book provide an engrossing glimpse of the traditions of clothing in this multi-cultural island.

A Sinhalese Village in Sri Lanka Victoria J. Baker, 1998 The most current and detailed case study of South Asia available, this book documents the ways in which the members of a remote agricultural village cope with the dangers that plague them by employing a complex system of ritual practices and beliefs in supernatural forces. The book also addresses topics commonly neglected in other case studies, such as formal education problems in remote areas, the independent and self-confident women of the developing world, and the trials of developmental work in these areas.

NorthStar Helen Sophia Solórzano, Jennifer Schmidt, 1998 Basic Level NorthStar is an innovative five-level, integrated-skills series for learners of English as a Second Language or English as a Foreign Language. The series is divided into two strands: listening/speaking and reading/writing. There are four books in each strand, taking students from Basic to Advanced. The two books at each level explore different aspects of the same contemporary themes such as the effect of food on mood, experimental punishments for juvenile offenders, the role of cars in modern life, privacy in the workplace, and alternative medicine. The parallel books in each strand are linked by grammar and vocabulary as well, providing the opportunity to recycle and reinforce the language while the content remains fresh and exciting.
