

Technically You Started It

Gillian Grant

Technically, You Started It Lana Wood Johnson, 2019-06-25 A hilarious, snarky, and utterly addicting #ownvoices debut that explores friendship, sexual orientation, mental health, and falling in love (even if things might be falling apart around you). When a guy named Martin Nathaniel Munroe II texts you, it should be obvious who you're talking to. Except there's two of them (it's a long story), and Haley thinks she's talking to the one she doesn't hate. A question about a class project rapidly evolves into an all-consuming conversation. Haley finds that Martin is actually willing to listen to her weird facts and unusual obsessions, and Martin feels like Haley is the first person to really see who he is. Haley and Martin might be too awkward to hang out in real life, but over text, they're becoming addicted to each other. There's just one problem: Haley doesn't know who Martin is. And Martin doesn't know that Haley doesn't know. But they better figure it out fast before their meet-cute becomes an epic meet-disaster . . .

Kestrel Kyle Joseph, 2024-10-20 The youngest princess of Engla leaves her homeland for the neighbouring country of Scotia, the capital of which is currently experiencing an industrial revolution. Despite departing in rebellion against the wishes of her mother, the Queen of the Commonrealm, Mira Aberdeen wants nothing more than to carve her own path free from her family's long shadow. On the road to Scotia, she meets a banker who takes her in and together they become embroiled in the plans of a ruthless vigilante, determined to take revenge on those who wronged him. (Trigger warnings: graphic violence, child abuse)

Trading Triangles John Piper, 2012-12-05 In late 2012, the charts of USD/GBP, Gold, the FTSE, the DAX and the DOW are all exhibiting triangle patterns. Breakouts from these patterns are imminent, which presents an unprecedented trading opportunity for the technical analyst - if you know how to spot triangles and trade them. In 'Trading Triangles' John Piper explains how and why triangles form, shows you how to spot a triangle on a price chart, and most importantly how to trade these patterns for profit. There are potentially massive moves on the way in these markets. 'Trading Triangles' is your vital guide to keeping on top of these moves and putting yourself in place to profit.

Something Wild & Wonderful Anita Kelly,2023-03-07 From the author of Love & Other Disasters comes a sparkling sullen-meets-sunshine romance featuring two men's sweeping journey across the Western wilderness. Alexei Lebedev's journey on the Pacific Crest Trail begins with a single snake. And it is angling for the hot stranger who seemed to have appeared out of thin air. Lex is prepared for rattlesnakes, blisters, and months of solitude. What he isn't prepared for is Ben Carvalho. But somehow—on a 2,500-mile trail—Alexei keeps running into the outgoing and charismatic hiker with golden-brown eyes, again and again. It might be coincidence. Then again, maybe there's a reason the trail keeps bringing them together . . . Ben has made his fair share of bad decisions, and almost all of them involved beautiful men. And yet there's something about the gorgeous and quietly nerdy Alexei that Ben can't just walk away from. Surely a bad decision can't be this cute and smart. And there are worse things than falling in love during the biggest adventure of your life. But when their plans for the future are turned upside down, Ben and Alexei begin to wonder if it's possible to hold on to something this wild and wonderful.

Where the Heart Festers Gillian Grant,2022-06-28 A legacy of grief, a sacrifice for love, a battle that may destroy them all... Half-elf Evren Hanali is dying. She has only vague, terrifying memories of losing her heart and gaining blood magic in return. Her companions, the Wandering Sols, believe the only way to save her is to return Evren to her home. A return to Orenlion means a return to toxic politics and a legacy of traumatic memories, where old friends have changed and old enemies won't let her slip away again. But when they are approached by a prince in need of an escort through the treacherous Deep Wood, Evren reluctantly agrees to guide them. The simple escort mission takes a dangerous turn when the prince is kidnapped, thrusting them all into a thousand year blood feud between the elves of Orenlion and the monstrous Hisrachi race. Amidst the brewing storm, Evren's attraction to one of her companions grows, a weakness her dying body can't afford and the simmering war won't allow. Surrounded by betrayals, lies, and spies, her magic slowly killing her, and with a thirst for revenge, Evren won't allow someone she loves to sacrifice their life to save her own. But time is running out and dark secrets are revealed as a battle rages across time for an ancient relic that may alter all their futures. If only Evren can survive long enough...

HIP #1: The Ten Weekends Jyerrmou,2022-08-19 I hate it. I hate that I fell in love with my cousin What would you do in case you fall in love with your cousin? Would you stop your heart from loving him or will follow and listen to it even if you know that it's wrong to hold on? Britney Dean is a consistent top-of-the-class in their high school university while Nate Maddox is a well-known bad boy. Britney's dad is the younger brother of Nate's mom which means that they are cousins in blood. Pretending to be a stranger is hard especially when it is with your cousin. They used to pretend that they are strangers in school but once when Nate's parents needed to move to Paris for business stuff, where Britney's family was resigning, they

had to spend 10 weekends together which crossed their lines. They both thought that it would be easy for them to get rid of each other but falling in love stood as another big challenge for the both of them.
