**Unanswered Questions** Julian Pace, 2023-01-12 This book recounts one man's powerful journey from faith, to doubt, to faith once again. Although raised in a devout Christian home and having a profound conversion experience as a teenager, Julian Pace began to doubt the truthfulness of Christianity as he prepared for ordination to the Gospel Ministry. This painful crisis of faith caused him to doubt God's existence and he wondered if there were any good reasons to be a Christian. Julian's doubts lead him to study Christian theology more deeply than ever before and he discovered that there are good reasons to believe that God exists, and that Christianity is reasonable because the Resurrection of Jesus is supported by historical evidence. In this book you will walk alongside Julian during his crisis of faith, learn what he learned, and discover that Christianity is reasonable and answers the deepest longings of the human heart and mind.

Meaning-Making in the Contemporary Congregational Song Genre Daniel Thornton, 2020-10-06 This book analyses the most sung contemporary congregational songs (CCS) as a global music genre. Utilising a three-part music semiology, this research engages with producers, musical texts, and audiences/congregations to better understand contemporary worship for the modern church and individual Christians. Christian Copyright Licensing International data plays a key role in identifying the most sung CCS, while YouTube mediations of these songs and their associated data provide the primary texts for analysis. Producers and the production milieu are explored through interviews with some of the highest profile worship leaders/songwriters including Ben Fielding, Darlene Zschech, Matt Redman, and Tim Hughes, as well as other music industry veterans. Finally, National Church Life Survey data and a specialized survey provide insight into individual Christians' engagement with CCS. Daniel Thornton shows how these perspectives taken together provide unique insight into the current global CCS genre, and into its possible futures.

**Lovin' on Jesus** Lester Ruth, Lim Swee Hong, 2017-04-18 Swee Hong Lim and Lester Ruth have filled an important gap in

the study of worship. *Lovin' on Jesus: A Concise History of Contemporary Worship* is the first scholarly work of its kind on this topic. Lim and Ruth trace the origins and development of what we commonly call contemporary Christian worship, exploring it thoroughly and methodically. Their research includes early recordings and interviews with many who were directly involved in the early stages. The authors were students of James White, and their book is, in a sense, a much-needed addition to White's classic *Introduction to Christian Worship*. The thematic structure of *Lovin' on Jesus* mirrors that of White's *Introduction*, making this book exceedingly useful for students and practitioners in the study of Christian worship as a whole. This is an essential resource for all students, scholars, worship leaders, and pastors who are serious about understanding the worship they lead. "Meticulously researched, accessibly written, generous in its praise, and balanced in its critiques—this is the book for which many of us have long been waiting." —Melanie C. Ross, Assistant Professor of Liturgical Studies, Yale Divinity School, New Haven, CT "Particularly useful for teaching is the way Lim and Ruth organize their account by practices of time, space, music, prayer, technology, and scripture. This will immediately become a required textbook for the courses I teach on Christian worship." —Ed Phillips, Associate Professor of Worship and Liturgical Theology and Coordinator of the Initiative in Religious Practices and Practical Theology, Candler School of Theology, Atlanta, GA "Readers will find Lim and Ruth's one-of-a-kind history convincing and rigorous. The authors show how a modern genre of Christian worship claimed its place, what it all means, and where it is heading." —Gerald Liu, Assistant Professor of Worship and Preaching, Princeton Theological Seminary, Princeton, NJ "*Lovin' on Jesus* is an important book for every pastor, worship leader, and worshipper. This wonderfully prepared study will help you keep your worship experience biblically centered, dynamic, and growing." —Rick Muchow, Founding Worship Pastor, Saddleback Church, worship leader and coach

**Assist Our Song** Douglas Galbraith, 2021-10-15 *Assist Our Song* combines accessible teaching about the theology and shape of worship with essential information about the forms of music used, including congregational hymns, songs, canticles and psalm chant, and music performed by choirs and musicians. It explores the range of resources available, how to extend repertoire, blending the old with the new, changing patterns of church life, and other practical issues. Its aims are the heightening of the profile of music within the church, increasing the skills and understanding on the part of musicians and choirs, assisting leaders of worship and empowering congregations to see themselves also as 'ministers of music' It offers practical assistance for the 'delivery' of music – choosing music, making the most of choirs and working with musicians. It will be welcomed by all who lead, provide or curate music in worship, as well as clergy and ordinands who lack musical expertise or confidence.

*10,000 Reasons (Bless the Lord)* Matt Redman,Jonas Myrin,Carol Tornquist,2012-07 Matt Redman's 10,000 Reasons is a modern worship favorite sung in churches everywhere. This piano arrangement by Carol Tornquist is easier to play than the original sheet music edition. The melody is played by the right hand, so it's a great sounding piano solo if a vocalist isn't present. Complete lyrics and chord names are included.
