The Ultimate Cheapskate's Road Map to True Riches Jeff Yeager, 2007-12-26 It used to be that “stuff” made you cool. That is so twentieth century. Jeff Yeager, the man dubbed The Ultimate Cheapskate by Matt Lauer on Today, offers a completely fresh take on personal finance, teaching us how to enjoy life more by spending less. He will show you how to buy less stuff, retire young, and live financially free, while you make a positive difference in people’s lives and save the planet along the way. The Ultimate Cheapskate’s Road Map to True Riches lays out the practices and principles that have made cheap the new cool. Live within your means at thirty and stay there. The Ultimate Cheapskate was living well on what he earned at thirty, so when he made more money, he saved every penny. Now he is “selfishly” employed, doing work he loves and helping others. Do for yourself what you could have others do for you. Cheapskates are die-hard do-it-yourselfers. It’s all about having the right tools, and The Ultimate Cheapskate will get you started. Pinch the dollars and the pennies will pinch themselves. It’s not the \$3 cup of coffee; it’s the big-ticket decisions that determine whether you’ll be financially free. So buy a house, not a castle. The Ultimate Cheapskate’s Road Map to True Riches promises a quality of life you cannot buy, a sense of satisfaction you cannot fake, and an appreciation for others and for the planet that gives life value. Open your road map and prepare to discover the true joys of financial freedom.

Food, Feminisms, Rhetorics Melissa A. Goldthwaite, 2017-06-19 Inspired by the need for interpretations and critiques of the varied messages surrounding what and how we eat, *Food, Feminisms, Rhetorics* collects eighteen essays that demonstrate the importance of food and food-related practices as sites of scholarly study, particularly from feminist rhetorical perspectives. Contributors analyze messages about food and bodies—from what a person watches and reads to where that person shops—taken from sources mundane and literary, personal and cultural. This collection begins with analyses of the historical, cultural, and political implications of cookbooks and recipes; explores definitions of feminist food writing; and ends with a focus on bodies and cultures—both self-representations and representations of others for particular rhetorical purposes. The genres, objects, and practices contributors study are varied—from cookbooks to genre fiction, from blogs to food systems, from product packaging to paintings—but the overall message is the same: food and its associated practices are worthy of scholarly attention.
