Inside the Maze Runner, 2014

The Maze Runner James Dashner, 2009 Sixteen-year-old Thomas wakes up with no memory in the middle of a maze and realizes he must work with the community in which he finds himself if he is to escape.

The Maze Runner (movie tie-in) James Dashner, 2014-06-01 When the doors of the lift crank open the only thing Thomas remembers is his first name. But he's not alone. He's surrounded by boys who welcome him to the Glade — a walled encampment at the centre of a bizarre and terrible stone maze. Like Thomas, the Gladers don't know how or why they came to be there — or what's happened to the world outside. All they know is that every morning when the walls slide back they will risk everything — even the Grievers; half-machine, half-animal horrors that patrol its corridors — to try to find the way out.

Dystopian States of America Matthew B. Hill, 2022-09-13 Dystopian States of America is a crucial resource that studies the impact of dystopian works on American society-including ways in which they reflect our deep and persistent fears about

environmental calamities, authoritarian governments, invasive technologies, and human weakness. *Dystopian States of America* provides students and researchers with an illuminating resource for understanding the impact and relevance of dystopian and apocalyptic works in contemporary American culture. Through its wide survey of dystopian works in numerous forms and genres, the book encourages readers to connect with these works of fiction and understand how the catastrophically grim or disquieting worlds they portray offer insights into our own current situation. In addition to providing more than 150 encyclopedia articles on a large and representative sample of dystopian/apocalyptic narratives in fiction, film, television, and video games (including popular works that often escape critical inquiry), *Dystopian States of America* features a suite of critical essays on five themes--war, pandemics, totalitarianism, environmental calamity, and technological overreach--that serve as the foundation for most dystopian worlds of the imagination. These offerings complement one another, enabling readers to explore dystopian conceptions of America and the world from multiple perspectives and vantage points.

CPR for Dead or Lifeless Fiction: A Writer's Guide to Deep and Multifaceted Development and Progression of Characters, Plots, and Relationships Karen S. Wiesner, 2020-08-31 Characters: Do your characters have no obvious signs of life, nothing that gives them unique personality, perspective, and passion? Plots: Are plots and conflicts created spur of the moment with no set up, build up, curiosity, or tension? Relationships: Are your characters merely going through the motions with each other? All of these and more are signs of dead or lifeless stories. The three core elements of story--Characters, Plots, and Relationships (CPR)--need to be developed three dimensionally. To truly be living, characters aren't simply existing and going through the motions. They possess fully developed external and internal conflicts. They're interacting in dynamic, realistic, and believable relationships. They have multidimensional character attributes that give them both vitality and voice. Finally, they're engaged in what makes life worthwhile with definable goals and motivations. This resource teaches writers how to identify dead or lifeless characters, plots, and relationships; establish proper setup; plant the seeds early with in-depth sketches; and pinpoint weak areas in CPR development. The only one-stop, everything-you-need-to-know 9-1-1 for deep, multifaceted Character, Plot, and Relationship development!

Science Fiction, Fantasy and Horror Film Sequels, Series and Remakes Kim R. Holston, Tom Winchester, 2018-01-12 Science fiction, fantasy and horror movies have spawned more sequels and remakes than any other film genre. Following Volume I, which covered 400 films made 1931-1995, Volume II analyzes 334 releases from 1996 through 2016. The traditional cinematic monsters are represented--Dracula, Frankenstein, the Wolf Man, a new Mummy. A new wave of popular series inspired by comics and video games, as well as The Lord of the Rings trilogy, could never have been credibly produced without the advances in special effects technology. Audiences follow the exploits of superheroes like Captain America, Iron Man, Spider-Man and Thor, and such heroines as the vampire Selene, zombie killer Alice, dystopian

rebels Katniss Everdeen and Emperor Furiosa, and Soviet spy turned American agent Black Widow. The continuing depredations of Jason Voorhees, Freddy Krueger and Michael Myers are described. Pre-1996 movies that have since been remade are included. Entries features cast and credits, detailed synopsis, critics' reviews, and original analysis.

Science Fiction Literature through History Gary Westfahl,2021-07-19 This book provides students and other interested readers with a comprehensive survey of science fiction history and numerous essays addressing major science fiction topics, authors, works, and subgenres written by a distinguished scholar. This encyclopedia deals with written science fiction in all of its forms, not only novels and short stories but also mediums often ignored in other reference books, such as plays, poems, comic books, and graphic novels. Some science fiction films, television programs, and video games are also mentioned, particularly when they are relevant to written texts. Its focus is on science fiction in the English language, though due attention is given to international authors whose works have been frequently translated into English. Since science fiction became a recognized genre and greatly expanded in the 20th century, works published in the 20th and 21st centuries are most frequently discussed, though important earlier works are not neglected. The texts are designed to be helpful to numerous readers, ranging from students first encountering science fiction to experienced scholars in the field.

Imaginative Criminology Lizzie Seal,Maggie O'Neill,2021-01-20 This distinctive and engaging book proposes an imaginative criminology, focusing on how spaces of transgression are lived, portrayed and imagined. These include spaces of control or confinement, including prison and borders, and spaces of resistance. Examples range from camps where asylum seekers and migrants are confined, to the exploration of deviant identities and the imagined spaces of surveillance and control in young adult fiction. Drawing on oral history, fictive portrayals, walking methodologies, and ethnographic and arts-based research, the book pays attention to issues of gender, sexuality, age, ethnicity, mobility and nationality as they intersect with lived and imagined space.

On the Aisle Volume 4 Philip Morency,2023-07-25 About the Book *On the Aisle*, Volume 4: Film Reviews by Philip Morency is the fourth in the series of movie reviews written by Philip Morency. This edition contains films ranging from the years 2013 through 2016, with some periodic "oldies but goodies" mixed in. Like Philip's previous three books, *On the Aisle*, Volume 4 contains brief and to-the-point movie reviews that are geared toward the average moviegoer. It is not really written

from a critic's perspective, but from that of the average viewer. The reviews are simple and easy to understand. What is unique about the book is that it tells the synopsis of the film, then it gives the author's opinion of the film, and then it lets the reader decide whether or not they would like to see the film. The films are rated on a scale of 1 through 5. There are also half-star ratings, such as 3 1/2 stars (VERY GOOD). The contained films are listed in alphabetical order, and for ease of reference, there is also a table of contents page. Enjoy... On the Aisle, Volume 4. About the Author Philip Morency was born on July 5, 1950 in Providence, Rhode Island. He lived in East Providence, Rhode Island until he joined the United States Air Force in 1970. Philip served for 21 years in the Air Force and enjoyed many choice assignments all over the country. He retired from the Air Force at Edwards Air Force Base in California in 1991. He was fortunate enough to land a job with Computer Sciences Corporation located on Edwards Air Force Base. There he worked as a computer operator for the company and the base. Philip later was employed by the JT3 Corporation on Edwards Air Force Base. He is currently employed by the United States government as a civil service worker serving as a data technician. Philip currently lives in Rosamond, California. Philip's hobbies are playing pool, dining out, going to movies, and traveling. He became interested in movies while serving in the Air Force. He started writing movie reviews in 2003 because he thought it would be fun. He got the idea from a movie video catalog. Thus far, he has written over 1500 movie reviews. Philip decided to publish books because he wanted a way to officially document his reviews. Philip also writes reviews on hotels and restaurants.
