Toni Morrison Box Set Toni Morrison, 2019-10-29 A box set of Toni Morrison's principal works, featuring *The Bluest Eye* (her first novel), *Beloved* (Pulitzer Prize winner), and *Song of Solomon* (National Book Critics Award winner). Staring unflinchingly into the abyss of slavery, *Beloved* transforms history into a story as powerful as *Exodus* and as intimate as a lullaby. This spellbinding novel tells the story of Sethe, a former slave who escapes to Ohio, but eighteen years later is still not free. In *The New York Times* bestselling novel, *The Bluest Eye*, Pecola Breedlove, a young black girl, prays every day for beauty and yearns for normalcy, for the blond hair and blue eyes, that she believes will allow her to finally fit in. Yet as her dream grows more fervent, her life slowly starts to disintegrate in the face of adversity and strife. With *Song of Solomon*, Morrison transfigures the coming-of-age story as she follows Milkman Dead from his rustbelt city to the place of his family's origins, introducing an entire cast of strivers and seeresses, liars and assassins, the inhabitants of a fully realized black world. This beautifully designed slipcase will make the perfect holiday and perennial gift.

Wasted Talent in "The Bluest Eye" by Toni Morrison Surinder Kaur, 2015-11-26 Scientific Essay from the year 2015 in the subject American Studies - Literature, , language: English, abstract: *The Bluest Eye* is simple yet a difficult narrative of a twelve year old black girl Pecola's desire to have blue eyes. The question arises why does a black girl want blue eyes? Why does she want to look differently? What causes this desire in her? As the story unfolds we get answers to these questions and also a realization that how the simple things like cup images or candy wrappers can be a strong factor in influencing an individual's psychological response to beauty and his/her own self importance. The present paper while building on existing criticism tries to explore the popular culture, for instance children items (cups, dolls, candies) and movies and its individual

psychological response. These commercial products play a pivotal role in establishing beauty aesthetics. Regular exposure to these ideals results in their idealization and a longing in people to have these defining physical features of beauty. It creates an environment of superiority and inferiority. People who possess the defining features (physical) are considered superior to those who don't have these physical features. This adversely affects their psyche and becomes a reason for their downfall.
