All Cloudless Glory Harrison Clark,1996-11-01 Volume Two takes the nation's first president from the end of his career as a great general, through his final days at Mount Vernon, to the often tumultuous years of his presidency.

English, Colonial, Modern and Maori Anna Crichton,2014-11-24 How and why do works make their way into a public art collection? Who decides what will be hung on the walls, placed on plinths, displayed in cases? These important, but seldom discussed, questions lie at the heart of this 'cultural biography' of the 70 years during which the Robert McDougall Art Gallery was Christchurch's civic art gallery. The book explains how the collection came together, how it developed, and how the public, and artists and critics, reacted to it. The book is presented in three parts, each of which has its own introduction. It provides an analytical framework in detail and in context by defining terms and explaining particular, recurrent concepts. These include, and indeed highlight, selection and presentation cultures derived from the core museological functions of collection and display. These, together with the framework's other concepts, are related to mainstream methodology in the social sciences, particularly political science. The latter is especially relevant to the study of a public art gallery – owned and funded by the public and its elected representatives, and controlled by these representatives and their appointed agents. Furthermore, the framework explores the concept of post-colonial tensions between heritages – specifically indigenous, transplanted and autochthonous ones. The significance of this becomes more apparent when the concepts used in relevant previous studies of specific public art galleries in New Zealand are reviewed. There is also a strong emphasis on the development of a public Maori art collection. It is a story, too, of vivid and influential personalities – the directors and curators who fought for the gallery and the artists represented in it. But the book is more than just the story of a single gallery's collection: it shines a light on concerns and patterns that will be familiar to galleries everywhere, and provides a unique perspective on New Zealand's cultural development over much of the twentieth century.

All Cloudless Glory E. Harrison Clark,1995 Volume Two takes the nation's first president from the end of his career as a great general, through his final days at Mount Vernon, to the often tumultuous years of his presidency.

The Inferno Winston Brady,2023-09-27 Little did Evan know his suicide attempt would not be a disappearing into a void

but the beginning of a journey to repentance and faith. Long suffering from alcoholism and depression, college sophomore Evan Esco hoped to escape his pain by committing suicide. Evan hoped he would simply cease to be, but he did not count on the existence of God to foil his plans. Instead of wrath, God is now giving Evan the chance to repent—that is, the chance to return to the world above, turn from his sins, and place his faith in the Lord Jesus Christ. But if Evan is to learn what it means to repent, he must first travel through the realms of the Inferno—Hell—and speak with those condemned. There, by interviewing shades and demons, some you may find familiar, Evan will learn why he must turn from his sins, look to Christ as his Savior, and trust in God to save him from such a realm.
