

Ab Hesperia Non Flexit Lumina Terra

Charles Tesoriero, Frances Muecke, Tamara Neal

Goethe Yearbook 15 Simon Richter, Daniel Purdy, 2008 New, interdisciplinary essays on an array of topics ranging from Goethe and mineralogy to theories of masculinity around 1800.

Lucan Charles Tesoriero, Frances Muecke, Tamara Neal, 2010-01-29 This book makes available in convenient form a selection of seminal articles on the Roman poet Lucan's grim epic, written in the time of Nero, on the world-changing civil war between Caesar and Pompey in the mid first century BC. The selection enables the reader of Lucan's work to trace the emergence of vital critical perspectives and controversies and the diverse approaches that have been applied to them. Five essays appear in English for the first time, and quotations from Latin and Greek have been translated. A specially written Introduction, by Susanna Braund, provides an up-to-date guide to scholarship on Lucan and to the history of the reception of the poem.

Preparatory Schools for Boys Great Britain. Board of Education, 1900

Motherhood and the Other Antony Augoustakis, 2010-07-22 This is the first book-length study to reconstruct the role of women in the epic poems of the Flavian period of Latin literature. Antony Augoustakis examines the role of female characters from the perspective of Julia Kristeva's theories on foreign otherness and motherhood to underscore the on-going negotiation between same and other in the Roman literary imagination as a telling reflection on the construction of Roman identity and of gender and cultural hierarchies.

The Magical Art of Virgil Edward Kennard Rand, 1931

Architecture for the Shroud John Beldon Scott, 2003-03 The famed linen cloth preserved in Turin Cathedral has provoked pious devotion, scientific scrutiny, and morbid curiosity. Imprinted with an image many faithful have traditionally believed to be that of the crucified Christ painted in his own blood, the Shroud remains an object of intense debate and notoriety yet today. In this amply illustrated volume, John Beldon Scott traces the history of the unique relic, focusing especially on the black-marble and gilt-bronze structure Guarino Guarini designed to house and exhibit it. A key Baroque monument, the chapel comprises many unusual architectural features, which Scott identifies and explains, particularly how

the chapel's unprecedented geometry and bizarre imagery convey to the viewer the supernatural powers of the object enshrined there. Drawing on early plans and documents, he demonstrates how the architect's design mirrors the Shroud's strange history as well as political aspirations of its owners, the Dukes of Savoy. Exhibiting it ritually, the Savoy prized their relic with its godly vestige as a means to link their dynasty with divine purposes. Guarini, too, promoted this end by fashioning an illusionary world and sacred space that positioned the duke visually so that he appeared close to the Shroud during its ceremonial display. Finally, Scott describes how the additional need for an outdoor stage for the public showing of the relic to the thousands who came to Turin to see it also helped shape the urban plan of the city and its transformation into the Savoyard capital. Exploring the mystique of this enigmatic relic and investigating its architectural and urban history for the first time, *Architecture for the Shroud* will appeal to anyone curious about the textile, its display, and the architectural settings designed to enhance its veneration and boost the political agenda of the ruling family.

A Commentary on Ovid's Metamorphoses Alessandro Barchiesi, Phillip Hardie, 2024-02 The first complete commentary in English on Ovid's Metamorphoses, covering textual interpretation, poetics, imagination, and ideology.

De Bello Civili Lucan, 1928 Epic history. Lucan (M. Annaeus Lucanus, AD 39-65), son of wealthy M. Annaeus Mela and nephew of Seneca, was born at Corduba (Cordova) in Spain and was brought as a baby to Rome. In AD 60 at a festival in Emperor Nero's honor Lucan praised him in a panegyric and was promoted to one or two minor offices. But having defeated Nero in a poetry contest he was interdicted from further recitals or publication, so that three books of his epic *The Civil War* were probably not issued in 61 when they were finished. By 65 he was composing the tenth book but then became involved in the unsuccessful plot of Piso against Nero and, aged only twenty-six, by order took his own life. Quintilian called Lucan a poet full of fire and energy and a master of brilliant phrases. His epic stood next after Virgil's in the estimation of antiquity. Julius Caesar looms as a sinister hero in his stormy chronicle in verse of the war between Caesar and the Republic's forces under Pompey, and later under Cato in Africa--a chronicle of dramatic events carrying us from Caesar's fateful crossing of the

Rubicon, through the Battle of Pharsalus and death of Pompey, to Caesar victorious in Egypt. The poem is also called Pharsalia.

Classical Associations of Places in Italy Frances Ellis Sabin, 1921

Portraying Cicero in Literature, Culture, and Politics Francesca Romana Berno, Giuseppe La Bua, 2022-02-21 Cicero has played a pivotal role in shaping Western culture. His public persona, his self-portrait as model of Roman prose, philosopher, and statesman, has exerted a durable and profound impact on the educational system and the formation of the ruling class over the centuries. Joining up with recent studies on the reception of Cicero, this volume approaches the figure of Cicero from a 'biographical', more than 'philological', perspective and considers the multiple ways by which different ages reacted to Cicero and created their 'Ciceros'. From Cicero's lifetime to our times, it focuses on how the image of Cicero was revisited and reworked by intellectuals and men of culture, who eulogized his outstanding oratorical and political virtues but, not rarely, questioned the role he had in Roman politics and society. An international group of scholars elaborates on the figure of Cicero, shedding fresh light on his reception in late antiquity, Humanism and Renaissance, Enlightenment and modern centuries. Historians, literary scholars and philosophers, as well as graduate students, will certainly profit from this volume, which contributes enormously to our understanding of the influence of Cicero on Western culture over the times.

This is likewise one of the factors by obtaining the soft documents of this **Ab Hesperia Non Flexit Lumina Terra** by online. You might not require more time to spend to go to the books launch as competently as search for them.
