The Gun Digest Book of Modern Gun Values Gun Digest, 1996

The Gun Digest Book of Modern Gun Values Ken Ramage, 2001-06 Firearms made since 1900 are far more numerous than those made before 1900. Many of these post-1900 firearms are found at auctions, arms retailers, in advertisements, and as 'young' family heirlooms. Much more affordable and plentiful than pre-1900 collector-grade arms, many of these post-1900 guns are increasingly viewed as collectible, valuable assets. This all-new expanded edition helps collectors identify firearms, evaluate conditions, and determine values. Detailed specifications and current values from specialized experts are provided for domestic and imported handguns, rifles, shotguns, and commemorative firearms. Heavily illustrated with more than 8,000 arms, each listing includes descriptions and values in three grades of condition, according to the NRA's Modern standards. A new 8-page color section hosts many popular arms.

The Brritish Bulldog Andrew Mowbray Incorporated, Publishers,2006-01-01

Webley Solid-Frame Revolvers Joel Black,Homer R. Ficken,2008-12 Popular from the late 19th through the early 20th centuries, the British Webley Pug and Bull Dog revolvers, manufactured by P. Webley & Son of Birmingham, provided security for many at home or concealed in coat pockets. Over 800 photos and thorough text bring to light detailed information on these often elusive, solid-frame, short-barreled handguns. Many models were previously unknown, such as the ring trigger .22 No. 2 and the Silver and Fletcher No. 2 Bull Dog. Includes Belgian and other English makers of the Tower Bull Dog, the Scott, Tranter Bulldog, and the Greener No. 5. Cartridges, cartridge boxes, and loading tools are featured with a scale of relative rarity and numerous appendices. This book is a must for all who are passionate about historical firearms.

Bulldogdom A. G. Sturgeon,R. Ward Binks,2013-01-25 Originally published in 1920, this extremely rare early work on the Bulldog is both very expensive and very hard to find in its first edition. VINTAGE DOG BOOKS have republished it, using the original text and photographs, as part of their CLASSIC BREED BOOKS series. The author was a highly respected breeder of the day. The book's 188 pages cover all aspects of the Bulldog. Beginning with the history of the breed, it moves on to discuss buying, breeding, feeding and showing amongst many other topics. The book is illustrated throughout with the lovely line drawings of R. WARD BINKS, and contains a double-page spread of an original pedigree document. There is a Standard description of the correct appearance and the several points in detail of a perfect Bulldog The final chapter features over 40 photographs of champion Bulldogs of the day, a full descriptive write-up of each dog and their pedigrees. Also included in the text are a number of period adverts for dog products featuring Bulldogs. This is a fascinating read for any Bulldog enthusiast or historian of the breed but also contains much information that is still useful and practical today. Many of the earliest dog breed books, particularly those dating back to the 1900s and before, are now extremely scarce and

increasingly expensive. VINTAGE DOG BOOKS are reprinting these classic works in affordable, high quality, modern editions, using the original text and artwork
