*Living in Harmony* Richard Exley, 2003 Everyone would love to live in Harmony -- that quaint little town of peace, quiet, no stress, and a slower pace of life. It's not impossible to move there, and this book is your ticket. Living in Harmony is for the overachiever, the workaholic, the person who pushes himself in pursuit of excellence. Stressville is not the place where any of us want to live, with no time for family, friends, self, or God. Most people don't realize they are getting their priorities out of balance, but once you recognize the symptoms and accept the solution, you can begin moving from Stress Avenue to Easy Street. Living in Harmony will show you how to harmonize the struggles within your life to achieve that perfect balance of work, rest, play, family, and worship.

*Restoring the Faith* Edith Waldvogel Blumhofer, 1993 American Pentecostalism began as a culturally isolated sect intent upon announcing the imminence of the world's end. The sect's early millenarian fervor gradually became muted in favor of flag-waving patriotism. At the end of the twentieth century it has become an affluent, worldwide movement thoroughly entrenched in popular culture. Edith Blumhofer uses the Assemblies of God, the largest classical Pentecostal denomination in

the world, as a lens through which to view the changing nature of Anglo Pentecostalism in the United States. She illustrates how the original mission to proclaim the end resulted in the development of Bible schools, the rise of the charismatic movement, and the popularity of such figures as Aimee Semple McPherson, Charles Fox Parham, and David Du Plessis. Blumhofer also examines the sect's use of radio and television and the creation of a parallel Christian culture
