**From the Civil Rights Pioneers to the First African American President and Beyond** Darryl Lezama,2014-06-26 The book From The Civil Rights Pioneers to The First African American President and Beyond is a description of some significant events that have impacted our culture in negative and positive ways. The negative aspects of some of the events in the book, is indicative of the kind of destructive behaviors that project some of the worst aspects of our culture people and nation. Nevertheless, as stated by our president regarding race relations, injustice, violence, and crime in general in America, we are better than this we must summon our better angels as we interact with each other. The book in a sense is a challenge for us to examine the negative so that we can change those painful experiences into moments of learning and enhancing our attitudes and treatment of each other regardless of our national heritage, ethnicity, cultural differences, economic status, educational and professional backgrounds, and racial differences. The book is a brief description of experiences that we should not just ignore since many of our great leaders have sacrificed so much to make sure that our

nation fulfils its responsibility to all American citizens in terms of Justice, equality, civil rights, and full access to achieving the American dream as we all pursue freedom and the accomplishment of our God ordained dreams. The book is also describing how much progress we have made towards achieving the dream of Dr Martin Luther Kings dream of justice and civil rights for all Americas regardless of race.

**The Verdict of Decisions** Pastor MacDonald Apreku,2019-12-02 Every life has beginning. Your life began when two people a man and a woman or one of these two decided to cause an act. That act could be a well-thought-through event or a random one, by consensus addendum, or otherwise. What is certain is that either one or both parties made a decision, whether it was a good one or not, one thing is indisputably certain; you are a product of decision. Decisions are constant requirement, without which nothing can happen. However, decisions making is just the beginning of big things you will encounter. May it be known when you make decision; you are just stepping into the unpredictable waters that lead to unprecedented ends. These ends nonetheless may vary due to certain factors. When you were born, you were born into a complex schoolthe world. You are not the victim of the school; instead it is your decisions that make you a winner or a loser or yet still a victim. In the world of decisions, the only promising school principal is wisdom. In all your getting, get understanding and be cautiously guided by wisdom. Remember, your decisions on anything is your verdict on that thing. The decisions you make are your life's silver bullets You may make a personal decision nonetheless; the outcome will no longer be a personal one. Life is like a journey; how far you go and what you become is unquestionably marry to your decisions.

*Martin Luther King and the Rhetoric of Freedom* Gary S. Selby,2008 Selby explains how King constructed a symbolic framework for interpreting the setbacks of the Civil Rights movement, even as he challenged them to remain faithful to the cause.

**Biography of Bobby Collins Sr.** Bobby Collins Sr.,2017-07-01 The goal and motivation for publishing this book is to promote pride, faith, importance of goals, education, and achievement. I was blessed to have a great extended family and wonderful children: Bobby Jr. and Alicia and the greatest wife a man could be blessed to have. Most of my work as related to community service was motivated out of concerns for my children and all children of this world and my late wife's concern for the safety and welfare of her children. My other motivation was to prove a false negative wrong, that being if you are not a person of privilege one will never attain your dreams and goals, and to do the best job possible so that individuals coming behind me would find open doors free of stumbling blocks. The other part of that message was that if one does find stumbling blocks, to respond by using them as stepping stones because life produces negative situations, but never let anything or anybody break your desire to achieve your goals. A message to all youth that may read this book is that life owes you nothing other than an equal opportunity. Also, I subscribe to the adage that you may not get all you pay for, but you must pay for all you get. I may not sell many books, but if my book motivates and saves one life, mission accomplished! Get a good education

and be prepared when opportunity comes knocking, as my uncle Robert “Bob” Collins (my hero) told me: “Set goals and have a plan on how to achieve them.” One of the most defining events was the day I received my associate’s degree in Business Administration from the greatest community college (Lewis and Clark Community College) in the country. That degree opened many doors for me and my family.

**Speechifying** Johnnetta Betsch Cole,2023-07-28 Speechifying collects the most important speeches of Dr. Johnnetta Betsch Cole—noted Black feminist anthropologist, the first Black female president of Spelman College, former director of the Smithsonian Institution's National Museum of African Art, and former chair and president of the National Council of Negro Women. A powerful and eloquent orator, Dr. Cole demonstrates her commitment to the success of historically Black colleges and universities, her ideas about the central importance of diversity and inclusion in higher education, the impact of growing up in the segregated South on her life and activism, and her belief in public service. Drawing on a range of Black thinkers, writers, and artists as well as biblical scripture and spirituals, her speeches give voice to the most urgent and polarizing issues of our time while inspiring transformational leadership and change. Speechifying also includes interviews with Dr. Cole that highlight her perspective as a Black feminist, her dedication to public speaking and “speechifying” in the tradition of the Black church, and the impact that her leadership and mentorship have had on generations of Black feminist scholars.
