Media,2022-03-08T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 The game of life is a game of Giving and Receiving. To play it successfully, we must train the imaging faculty. A person with an imaging faculty trained to image only good brings into his life every righteous desire of his heart – health, wealth, love, friends, and perfect self-expression. #2 The law of substitution states that a right idea is substituted for a wrong one, and there is no loss or sacrifice involved. Jesus Christ said that the Kingdom of God was within man. The Kingdom is the realm of right ideas. #3 The object of the game of life is to see clearly your good and to obliterate all mental pictures of evil. This must be done by impressing the subconscious mind with a realization of good. #4 Every thought and word is recorded in detail. We must break all the old bad records in our subconscious minds and replace them with new and beautiful ones.
