The Queer Games Avant-Garde Bo Ruberg, 2020-03-20 In *The Queer Games Avant-Garde*, Bonnie Ruberg presents twenty interviews with twenty-two queer video game developers whose radical, experimental, vibrant, and deeply queer work is driving a momentous shift in the medium of video games. Speaking with insight and candor about their creative practices as well as their politics and passions, these influential and innovative game makers tell stories about their lives and inspirations, the challenges they face, and the ways they understand their places within the wider terrain of video game culture. Their insights go beyond typical conversations about LGBTQ representation in video games or how to improve “diversity” in digital media. Instead, they explore queer game-making practices, the politics of queer independent video games, how queerness can be expressed as an aesthetic practice, the influence of feminist art on their work, and the future of queer video games and technology. These engaging conversations offer a portrait of an influential community that is subverting and redefining the medium of video games by placing queerness front and center. Interviewees: Ryan Rose Aceae, Avery Alder, Jimmy Andrews, Santo Aveiro-Ojeda, Aevee Bee, Tonia B*****, Mattie Brice, Nicky Case, Naomi Clark, Mo Cohen, Heather Flowers, Nina Freeman, Jerome Hagen, Kat Jones, Jess Marcotte, Andi McClure, Llaura McGee, Seanna Musgrave, Liz Ryerson, Elizabeth Sampat, Loren Schmidt, Sarah Schoemann, Dietrich Squinkifer, Kara Stone, Emilia Yang, Robert Yang

ZAP Gerard Casey, 2019-11-18 We're all in favour of free speech — except when we're not! Often it's a case of 'free speech for me, but not for thee'. The regulation of speech is a matter that is typically dealt with arbitrarily without there being any obvious principled basis for the decisions that are made. Is hate speech, so-called, a form of free speech? What of blasphemy, in either its ancient or contemporary forms? Should certain forms of speech be mandatory? As with free speech, we're all in favour of tolerance — except when we're not! Tolerance is increasingly coming to seem, well, intolerable and new and improved forms of intolerance are everywhere on the rise, not least as embodied in the currently fashionable doctrines of diversity, inclusion and equality. In ZAP, Gerard Casey presents a critical and unified approach to both free speech and tolerance based on the Zero Aggression Principle, keeping the critical discussion topical and grounded by reference to

current events.

The Grandmother Principles Suzette Haden Elgin,2000-01-17 According to the author, Grandmother skills are disappearing because in our highly mobile society, women may now remain in the workforce or live far from their grandchildren. Elgin (The Gentle Art of Verbal Self-Defense), herself a grandmother to 10, attempts to fill this gap by providing grandmothers of all types and ages with this chatty and good-natured guide to successful grandmothering. Included among Elgin's 21 sensible principles are advice for mediating family disputes, tips for helping grandchildren with money problems while maintaining one's own financial solvency, as well as the importance of passing down family myths and stories to the next generation. Elgin also discusses family crises or illnesses when it may become necessary for a grandmother to take over the running of the household of one of her children (whom she coyly refers to as a chadult). Elgin

firmly believes that once the emergency is over, a grandmother must return the household to the parents as soon as possible and gracefully return home. Elgin includes lots of nitty gritty advice but most of her book is aimed at reminding readers how to give families the advantage of their experience without giving in to the frailties of age. “ 35 b/w illustrations
