The other side. Life is a Story - story.one Hooman Salyani,2024-08-27 In a room suspended between worlds, a man drifts through the fragmented remnants of his mind. Isolated from the pulse of society, he becomes ensnared in a labyrinth of shifting realities. Through his window, he glimpses the world beyond, but each glance reveals a different truth, drawing him deeper into a vortex where time stands still, and meaning dissolves. Obsessed with figments of his disordered mind, unaware of the hours slipping by, he loses himself in the corridors of his thoughts, never noticing as the years silently accumulate. His life becomes a series of illusions, each more vivid and deceptive than the last, until the final moment of clarity reveals the truth: he has aged a lifetime in a single day. In this surrealistic tale, the boundaries of reality dissolve, and the very fabric of existence is questioned. Is the world outside the window more real than the one inside your mind?
