

# Wake Up To Reality Full Quote

**David Baud**

Abstract Reality Cedric Buhagiar,2014-04-29 Rick Ironside, a young cop by profession and a heavy metal band member by passion, meanders down his own winding life path as he struggles to balance his social life on one hand and his private one on the other day in, day out. Scars left by a traumatic childhood and a broken family taint his view of inescapable social life, urging him to find solace in his own intimate reveries and in his sister. Ricks communal and professional life experiences speak for themselves, as if automated, while he strives to stay afloat and keep his instincts at bay. His inner struggles are given expression to through his own inner voice, taking shape as his intimate reveries that are at one and the same time an attempt to exorcise his own psychological demons as much as a signalling of a state of psychological deterioration, which, although being a mere internal whisper, howl fiercely in the readers ear. Things spiral out of control as Rick is suddenly summoned on to the scene of an ongoing crime. He is tossed into a living nightmare, where he is reunited with his sister, whose safety he takes upon himself to keep at all costs. Together, they must delve deeper into a darkly abysmal reality while reacquainting themselves with haunting memories from the past that manifest themselves as monstrosities. But whose is the other voice that appears in Ricks mind? Why is it vying with Rick in a struggle of wits? Can Rick stay sane and see himself and his sister out of this mess? Abstract Reality is an intimate story of a young man who toils with the different faces of his own reality as well as with the ghosts of his own past: a journey through the dark plains of the human psyche, weaving together memory and present external encounters and experiences into a dark veil that barely separates insanity from reality, if at all.

*The Burning Reality* Khan Raheem Raza,2013-05 THE REALITY of humankind has been known and shared among every being existing in this world. However, the BURNING reality was somehow undiscovered, hidden, or lost within the people living in the generation today. And now in this twenty-first century, it is to be revealed through one man's brain, feelings, assumption, and reflections to what reality engraved in every heart is about. Components of The Burning Reality has been found in the vast majority of devastating norms, cultures, rituals, and philosophies that are not thoroughly followed within

the modern society where human in eyes of humans is not a human. A number of the greatest people, whom are living or have lived among us, once went on to know what reality of humankind is about. Philosophy then took its steps, and interpretation came necessary. What it showed was just about success but never was anything told about what it means for a human or the humanity. Never had it even been known to us with examples or real-life stories. But now, it's available and would further be expanding in your heart after you get to know The Burning Reality. And now for, the first time after ages, all parts of reality came together in hope to see repentance from all who gets to know it. When we are to recall the most honorable and wise' teachers, then we usually name them as Plato, Socrates, Aristotle, or Galileo. However, we forget what other great teachers have said. These include Seneca, Epictetus, Buddha, Aurelius, and Ovid, who also imparted special wisdom. And so for people reading this book, I bring them alive once again. This book features two poems relating to the concepts that mattered, six short dramatised experiences, and interviews of a few men and women specialised in different position, and a vast majority of revealed reality based in the concepts of love, life, relationship, money, and success through definite interpretation of philosophy and implied use of psychology. The book itself pulls back the buried reality where the need of money, the importance of good relationship, the need of love, the approach to success, and the way of living a wise life have been drowned by all humans. The book would also guide you on how to repent your life by understanding and applying to what is told in it. The Burning Reality tells you the type of human you and others around you are. The Burning Reality shows you how you and others around you are behaving. The Burning Reality announces you what the world is feeling about you because this book has somehow been living in you. THE BURNING REALITY, YOU'VE NEVER KNOWN, IS HELD IN YOUR COLD HANDS
