Brand Storytelling Miri Rodriguez, MIRIANIS RODRIGUEZ, 2020-03-03 WINNER: Independent Press Award 2021 - Marketing & Public Relations category WINNER: NYC Big Book Award 2020 - Sales and Marketing category WINNER: The Stevie Awards 2020 - 'Book of the Year' Silver award, Women in Business category Written by the award-winning storyteller Miri Rodriguez at Microsoft, this actionable guide goes beyond content strategy and, instead, demonstrates how to leverage brand storytelling in the marketing mix to strengthen brand engagement and achieve long-term growth, with advice from brands like Expedia, Coca Cola, McDonalds, Adobe and Google. Despite understanding essential storytelling techniques,

brands continue to explain how their product or service can help the customer, rather than showcasing how the customer's life has changed as a result of them. Brand Storytelling gets back to the heart of brand loyalty, consumer behaviour and engagement as a business strategy: using storytelling to trigger the emotions that humans are driven by. It provides a step by step guide to assess, dismantle, and rebuild a brand story, shifting the brand from a 'hero' to 'sidekick' mentality, and positioning the customer as a key influencer to motivate the audience. Simplifying where to begin, how to benchmark success and ensure a consistent brand voice throughout every department, this book clearly shows how readers can align an emotive connection with the customer's personal values, experiences and aspirations, and how that will enable brand leaders, employees and influencers to celebrate and strengthen brand engagement for the long-term, rather than simply trying to win it. Clarifying why machine-learning, AI and automation only tell one side of the story, this book will inspire you with cutting edge interviews and case studies from leading brands like Expedia, Coca Cola, McDonalds, Adobe and Google, to tap into authentic brand loyalty and human connection.

The Power of Internal Marketing Lamar D. Berry, 1996-06 INTERNAL MARKETING presents a clear alternative to TQM for those businesses which compete in the service sector, according to Lamar D. Berry. Through hard-won professional experience & personal study, Berry identifies & describes the clear vision & solid values which have helped a number of businesses weather the winds of change & approach the 21st century with confidence. Berry maintains that companies which lack a strong root system of values risk being snapped off at the stem, like tumbleweeds, & pushed along at the whim of environmental winds. Berry's theory links the social erosion identified by pundits & the customer service/credibility erosion many see in corporate America today. He calls that link The Great Disconnect. Through an engrossing narrative peppered with real-life observations, case studies & examples of storytelling in the workplace, Berry lays the groundwork for a cultural crusade in corporate America.
