

America Is A Gun

Robert McMillan Jr.

Gundamentalism and Where It Is Taking America James E. Atwood, 2017-01-09 *Gundamentalism and Where It Is Taking America* is the work of James Atwood, a retired Presbyterian pastor and an avid deer hunter for half a century who has also been in the forefront of the faith community's fight for two constitutional rights: the right to keep and bear arms and the right to live in domestic tranquility, free of gun violence. He explains why guns mystically control so many Americans and exposes the fallacies of the gun industry's spurious claim that firearms actually protect us. He argues there are no bona fide scientific studies that show defensive guns save us from harm, while there is voluminous research showing a defensive gun puts the owner and his or her family at greater risk. Atwood's book, which details his learning of a lifetime in the struggle for reasonable gun laws in America, puts dependable social and theological analysis of our unique national epidemic into your hands along with scientific data that will provoke honest reflection and discussion for the building of a safer and saner America. Questions for group discussion and suggestions for action are included.

Guns in America Donald J. Campbell, 2021-08-09 This work provides readers with an authoritative resource for understanding the true extent and nature of gun violence in America, examining the veracity of claims and counterclaims about mass shootings, gun laws, and public attitudes about gun control. This work is part of a series that uses evidence-based documentation to examine the veracity of claims and beliefs about high-profile issues in American culture and politics. Each book in the Contemporary Debates series is intended to puncture rather than perpetuate myths that diminish our understanding of important policies and positions; to provide needed context for misleading statements and claims; and to confirm the factual accuracy of other assertions. This particular volume examines beliefs, claims, and myths about gun violence, gun laws, and gun rights in the United States. Issues covered in the book include trends in firearm violence, mass shootings, the impact of gun ownership on rates and types of crime, regulations and Supreme Court decisions regarding gun control and the Second Amendment, and the activities and influence of organizations ranging from the National Rifle Association to Everytown for Gun Safety. All of these topics are examined in individualized entries, with objective responses grounded in up-to-date evidence.

My America Is Back BJ Melton, 2017-12-22 This book chronicles my thought from the Trump campaign through the first 6 months of his Presidency. It's about electing Mr. Trump, but sprinkled among the thoughts, is a little humour, a joke or two,

or three, and Dreams of the future....

Half of America Is Nuts, and They Were Allowed to Vote G. David Howard, 2013-07-29 G. David Howard combines two passionate interests—humor and politics—in his first collection of personal essays that creatively examine current events in America and the actions of our government. Howard, a seasoned stand-up comedian, addresses a variety of controversial topics with both funny and frank tones intended to provoke laughter and thought about our leaders and the direction our country is headed. As he explores how groupless people have no representation, why gasoline prices have doubled, and how socialists want to destroy freedom and increase taxes, Howard blends facts with his own spin on potential solutions. Included is a script from an imaginary and imaginative golf game between Barack Obama, John Boehner, Joe Biden and Chuck Schumer, as well as a montage of Howard's opinions on a wide range of subjects, such as climate change, driver distractions, and gun control. *Half of America Is Nuts, and They Were Allowed to Vote* shares one man's take on our world as he presents an unforgettable roller-coaster ride through America and its political system.

The Mentality of Racist White America Is the Mentality of Black America Robert McMullan Jr., 2010-05-18 This book is about the Mentality of African/Black Americans, Past and Present, and how it correlates with the Mentality of Racist White Americans, Past and Present. And how can we change the way we Think. Also, an in-depth look at the Mentality of Men and Women Sexually And how Men's Sexual Mentality correlates with Women's Sexual Mentality. The two are the same. Hence, the Breakdown of the African/Black American family. When you add it all up, when you have African/Black Americans Thinking like Racist White Americans, And African/Black American Women [Women in general] Thinking like African/Black American males [Men in general], the end results for African/Black Americans as a Unit, Family, and People [not as an individual] is sad and tragic.

America Matters Robert Sudha Hamilton, 2024-10-07 America matters to the world. This democratic republic has held a pre-eminence globally for more than a century. Its economic and military might have established an order within the world. This world order is now under threat from both without and within. The spotlight is on the United States of America. Many of us around the planet are looking to see what kind of response this will engender. There are forces of what could be called good and bad wrestling for the soul of America. What and who will triumph is of paramount interest to people far and wide. As an historian, I am interested in the how and why questions in relation to where America finds itself today. Many historians of American history and knowledgeable pundits describe the republic as 'the American experiment'. This gives the whole thing a much more acceptably volatile reading. However, when you combine that with the superpower status of the USA it makes for an uncomfortable realization of where America and the world might be heading. As an observer of the place, it calls for deeper digging into who and what America actually is. 350 pages
