The Chimera and the Shadowfox Griever and Other Curious People A. R. Morlan, 2013-07-30 This companion volume to *The Fold-O-Rama Wars* at the Blue Moon Roach Hotel centers around outsiders, artists, and freaks (be they natural-born or self-made); three of the stories are interconnected, but they're also designed to stand alone. Each includes an afterword to shine additional light on both the works and their cultural personal inspirations. Here are four novelettes (three of them original to this book) set in a bizarrely fantastic, near-future America, filled with tattoo artists and other creative types, as well as the Hikikomori's Cartoon Kimono, the Twijfelen challenge of the Pi Zi, and the showdown between the Unnatural-Born Chimera and the Shadowfox Griever! No one uncovers the naked, bleeding soul of modern American culture better than A. R. Morlan.

American Inheritance Nathan Nipper, 2024-05-07 Tom Brock is a twenty-five-year-old democratic socialist. He is an unemployed graduate student with a mountain of student loan debt. He loathes America for being a corrupt, oppressive, unjust failure that he blames on the white patriarchy and red-state Americans. Tom's grandfather, Bob, is a widower, a Vietnam War veteran, and a diehard conservative. Bob is a wealthy entrepreneur and passionate defender of the American dream. He loves America and loathes the morally bankrupt blue-state progressives he thinks are ruining it. Tom and Bob have never met each other. But when Bob becomes aware of his grandson's radical politics, he offers him an unusual opportunity to earn a \$25 million inheritance: Tom must complete a marathon cross-country road trip in his grandfather's old RV, following an itinerary designed by Bob as a last-ditch effort to alter his grandson's cynical view of America. Desperate to earn the inheritance, Tom embarks on Bob's curated grand tour of historic sites and natural wonders, stubbornly resisting his grandfather's lessons touting America's virtues. But as the journey progresses, Tom's deeply held worldview is tested by the people and places he encounters along the way—especially by a young British woman who becomes his fortuitous traveling companion. The challenges and conversations of the quirky road trip begin to reshape Tom's ingrained assumptions about America's—and his own—past, present, and future.

His Eye Is on the Sparrow Toni Smith, 2005-03 Katelynn is a young teen in a complex dysfunctional family life. Her survival of abuse and her friendships along the way were phenomenal. Her story is an eye opening tale of how one young woman coped with the challenges and beat the odds of survival which were stacked high against her. Katelynn was sixteen

and pondering her life choices. Determined to have a better life than what was placed before her, she learned of friendship, love, compassion, and a sense of family through her supportive teacher and mentor.

Behind the Red Door Megan Collins, 2020-08-04 “A haunting thriller” (PopSugar) about a woman who believes that she has a connection to a decades old kidnapping and begins a frantic investigation to find out what really happened when the victim goes missing again. When Fern Douglas sees the news about Astrid Sullivan, a thirty-four-year-old missing woman from Maine, she is positive that she knows her. Fern’s husband is sure it’s because of Astrid’s famous kidnapping—and equally famous return—twenty years ago, but Fern has no memory of that, even though it happened an hour outside her New Hampshire hometown. And when Astrid appears in Fern’s recurring nightmare, one in which a girl reaches out to her, pleading, Fern fears that it’s not a dream at all, but a memory. Returning to her childhood home to help her father pack for a move, Fern purchases a copy of Astrid’s recently published memoir—which may have provoked her original kidnapper to abduct her again—and as she reads through its chapters and visits the people and places within it, she discovers more evidence that she has an unsettling connection to the missing woman. With the help of her psychologist father, Fern digs deeper, hoping to find evidence that her connection to Astrid can help the police locate her. But when Fern discovers more about her own past than she ever bargained for, the disturbing truth will change both of their lives forever in this “masterful meditation on fear” (Mindy Mejia, author of *Strike Me Down*).
