

Benedict Anderson Comunidades Imaginadas

Luis F. Angosto-Ferrández, Sabine Kradolfer

Comunidades imaginadas Anderson, Benedict, 2021-12-02 Benedict Anderson examina la creación y la difusión mundial de las comunidades imaginadas de la nacionalidad. Muestra cómo un regionalismo que se había creado en las Américas fue adoptado y adaptado por movimientos populares y por las potencias imperialistas en Europa, y en Asia y África por las resistencias antimperialistas.

Imagined Communities Benedict Anderson, 2006-11-17 What are the imagined communities that compel men to kill or to die for an idea of a nation? This notion of nationhood had its origins in the founding of the Americas, but was then adopted and transformed by populist movements in nineteenth-century Europe. It became the rallying cry for anti-Imperialism as well as the abiding explanation for colonialism. In this scintillating, groundbreaking work of intellectual history Anderson explores how ideas are formed and reformulated at every level, from high politics to popular culture, and the way that they can make people do extraordinary things. In the twenty-first century, these debates on the nature of the nation state are even more urgent. As new nations rise, vying for influence, and old empires decline, we must understand who we are as a community in the face of history, and change.

Justicia, rupturas y continuidades Francisco R. Barbosa Delgado, 2007 CONTENIDO: Educación legal en la transición a la República 1758-1853: delineantes de la justicia republicana - Influencia ideológicas en la educación legal en la Colonia y en la República 1761-1853 - De la justicia colonial al derecho republicano - Instituciones del derecho republicano originario en cuanto a la justicia - Fuentes del derecho colonial y republicano - Práctica judicial republicana.

Comunidades imaginadas Benedict Anderson, 1997 Benedict Anderson examina la creación y la difusión mundial de las comunidades imaginadas de la nacionalidad. Muestra cómo un regionalismo que se había creado en las Américas fue adoptado y adaptado por movimientos populares y por las potencias imperialistas en Europa, y en Asia y África por las resistencias antimperialistas.

La segregación negada Mario Margulis, Marcelo Urresti, 1999

La comunidad imaginada por la comunidad organizada Ariel Hartlich, 2019-08-28 Ariel Hartlich propone un recorrido particular en el que aborda, en el marco de las transformaciones del contexto global de la inmediata posguerra, los posicionamientos específicos que tiene el peronismo en torno a una nueva concepción geopolítica que entra en colisión con

intereses coloniales del período. Para ello, nos introduce de manera novedosa en las nuevas formas de la representación de esa comunidad imaginada: la bicontinentalidad, las estrategias de difusión múltiples, las medidas pedagógicas y las nuevas formas dinámicas de la representación cartográfica. Las instituciones impulsoras, la disputa por la soberanía donde el lugar de las Malvinas, la Antártida y el ideario latinoamericano son aspectos claves de ese rescate del pensamiento geopolítico que nos propone el autor a lo largo de esta obra.

The Politics of Identity in Latin American Censuses Luis F. Angosto-Ferrández, Sabine Kradolfer, 2017-10-02 The Politics of Identity in Latin American Censuses contributes new and original perspectives to existing discussions about the shaping of multiculturalist ideology in Latin America, its interweaving with the cultural politics of neoliberalism and the relation between ethnic identification resurgence and economic globalization. Scrutinising national censuses across the continent, the studies included in this volume reveal clear relationships between censuses, nation-building and government projects, but also strong and determinant connections between domestic and supra-national spheres. The contributors to this volume open provocative avenues of research on Latin American societies by demonstrating how, in the realm of identity politics, supra-national institutions and normativity socialise national census bureaus in a way that largely annuls ideological differences between regional governments. This book was originally published as a special issue of the Journal of Iberian and Latin American Research.

Extranjeros, ciudadanía y membresía: Política a finales de la Colonia y la Independencia en la Nueva Granada 1750- 1830 García Estrada, Rodrigo De J, 2014-10-20 El estudio de las políticas inmigratorias de la Corona española y sus permanencias, así como de los cambios que ocasionó el advenimiento de la República corrobora la presencia de concepciones de antiguo régimen en la cultura colombiana que permearon las leyes inmigratorias y que explican los bajos índices de inmigrantes extranjeros en el siglo XIX, en comparación con otros países latinoamericanos. Esta obra da cuenta de las situaciones que experimentaron los inmigrantes entre fines de la Colonia y comienzos de la República, mostrando su sistemática expulsión del territorio nacional, para quienes, luego de obtenida su ciudadanía no estuvieron dispuestos a renunciar a sus derechos políticos.

Cine y nación: Puerta Domínguez, Simón, 2015-08-31 Este libro busca develar las mediaciones a partir de las cuales las imágenes cinematográficas son producidas y entran a participar en la generación de percepciones sobre la identidad nacional, al relacionar los implicados en la industria y las narrativas que son llevadas a la pantalla con los procesos históricos, económicos, políticos y socioculturales que han sucedido en Colombia durante todo el siglo xx, que es el siglo que ha sido registrado por el cine. De igual modo, una profundización en la legislación y en las lógicas a partir de las cuales las obras son legitimadas o rechazadas por el mismo ente institucional, las distribuidoras y exhibidoras privadas, y el mismo público, son una preocupación imperativa del análisis, para determinar cómo se van moldeando los discursos fílmicos y qué

papeles se van adjudicando a las obras a lo largo de este proceso, interminable, de discusión acerca de la afinidad colectiva de la nación. El cine se plantea entonces como un escenario a partir del cual se hace posible la indagación sobre la identidad nacional, al ser los procesos creativos de las obras y los productos que se prestan al consumo simbólico del cuestionamiento identitario, proyectos imbricados en lógicas e intereses que se superponen en la imagen final, develando las negociaciones y posturas que la heterogeneidad que constituye la comunidad nacional postula como legítimos y representativos de Colombia y sus ciudadanos.
