El modelo de educación relacional Fontán M. Teresa Colén, José Luis Medina, 2019-11-04 Este libro nace de la iniciativa conjunta entre la Universidad de Barcelona y el equipo de investigación de la Educación Relacional Fontán (FRE) para construir la sustentación científica del modelo FRE. Parte de la práctica exitosa y la experiencia de más de 25 años de trabajo en instituciones educativas públicas y privadas, que demuestra su capacidad de ayudar a los estudiantes a construir nuevas opciones reales de calidad de vida en diferentes países. Para dar respuesta a esta tarea un equipo de investigadores pertenecientes al grupo de investigación FODIP (Formación Docente e Innovación Pedagógica) de la Universidad de Barcelona, dirigido por los doctores M. Teresa Colén y José Luis Medina, analizaron el funcionamiento del modelo FRE a partir de la visita que la Dra. Colén realizó a varios centros en Colombia en los que se está implementando este modelo. A partir de esos datos articula las bases científicas del modelo y sus desarrollos prácticos. En El modelo de Educación Relacional Fontán. De la práctica a la teoría, encontrará una sólida sustentación de este modelo, construida por el equipo de la Universidad de Barcelona, que es el resultado del trabajo exhaustivo de revisión de cientos de documentos, vídeos y entrevistas a estudiantes, padres y madres de familia y educadores, además del análisis de las conclusiones obtenidas de la observación directa en campo. Un modelo que hace realidad el sueño de lograr que millones de estudiantes tengan

herramientas reales para mejorar sus posibilidades de calidad de vida y la de otros. Gobiernos, centros educativos, organizaciones no gubernamentales y educadores se han ido sumando. Este libro es una invitación abierta a participar en el logro de este sueño. (Extraído del Prólogo de Julio Fontán García)

Modelo de la Escalera de la Comunicación Asertiva, los escalones que previenen la deserción escolar Skary Armando López Osuna,2024-05-09 Modelo de la escalera de la comunicación asertiva los escalones que previenen la deserción escolar. Antología y didáctica ofrece un viaje revelador a través de la implementación de una intervención psicopedagógica en una escuela secundaria, donde la lucha contra la deserción escolar se convierte en el escenario para una profunda exploración de la comunicación asertiva. El diagnóstico inicial, tras un breve contexto económico y social, revela deficiencias en la toma de decisiones y habilidades comunicativas entre los estudiantes. La falta de comunicación asertiva es un factor clave en la deserción escolar, por lo que se introduce un modelo de siete pasos —el modelo de la escalera de comunicación asertiva— efectuado a través de talleres. El libro presenta evidencias de que la aplicación del modelo ECA modifica actitudes, promoviendo decisiones más eficaces y una convivencia escolar positiva. Se sostiene que la comunicación asertiva no solo aborda la deserción escolar, sino que también fortalece habilidades sociales cruciales para la participación activa de los estudiantes en una sociedad diversa. El libro documenta así evidencias convincentes de que el modelo no solo modifica actitudes, sino que también promueve decisiones más eficaces y una convivencia escolar más saludable, habilidades necesarias para enfrentar los obstáculos de la vida y participar plenamente en una sociedad plural.

Tratado de estudios organizacionales: volumen 2 Stewart R. Clegg,2020-03-22 En este nuevo volumen del Tratado de estudios organizacionales, titulado Exploración de las temáticas, continuamos la traducción de The Sage Handbook of Organization Studies (2006), cuya primera parte se publicó en 2017. Al igual que ese primer volumen, esta traducción va acompañada de comentarios y reflexiones, desde la realidad latinoamericana, que abordan problemáticas tradicionales y contemporáneas; y cuenta, además, con tres nuevos capítulos que complementan las temáticas que se desarrollan en la actualidad en torno al estudio de las organizaciones. Se constituye, entonces, en un aporte al debate sobre cómo construir, desde nuestro contexto local, un lenguaje propio de los estudios organizacionales.
