**The Color of Dusk** Phyllis Demarecaux,2016-10-07 Phyllis Demarecaux's story began during the Great Depression in rural Montana, where her parents struggled to raise five children in the years leading up to the Second World War. She lost touch with her mother's Cherokee culture when the family left Wolf Point and moved to Sidney. The accidental death of their brother and fending for themselves while their parents partied caused Phyllis and her siblings to grow up quickly. After a failed marriage and the loss of her child, Phyllis enlisted in the Women's Army Corps and gained some notoriety as Miss Subways and as film host and model. Leaving behind the fallout from a second divorce, she moved to Paris, where she began writing children's stories, working for the publishing house Hachette, and ultimately giving birth to her son, Sean. In 1980 she met her future husband, the screenwriter and film producer Robert Joseph. Phyllis worked alongside her husband in the film industry until his death in 2002. From humble beginnings to Hollywood, Phyllis Demarecaux has woven a fascinating story that traces the arc of her long, colorful life.

The Age of Melodramatic Miniseries Scott Humphries,2023-03-24 Glamour, power, champagne breakfasts in satin sheets—welcome to television's most dazzling and overlooked genre: women-centric melodrama miniseries of the 1980s and 1990s. Decades before *Real Housewives*, rags-to-riches fantasies depicting strong women overcoming tragedy to take charge of their destinies were a big hit with TV audiences. Reflecting the greed-is-good ethos of the day and encoded with feminist messaging, these glitzy, often camp stories depicted statuesque superwomen facing off with square-jawed men in boardrooms and bedrooms. This book explores the shows that epitomized the prime-time soap era and gave us such memorable scenes as Stefanie Powers trading lovers with her twin sister, Joan Collins fighting Nazis in haute couture and Phoebe Cates demanding, Which one of you bitches is my mother?

**1980** Jim Cullen,2022-10-14 1980 was a turning point in American history. When the year began, it was still very much the 1970s, with Jimmy Carter in the White House, a sluggish economy marked by high inflation, and the disco still riding the airwaves. When it ended, Ronald Reagan won the presidency in a landslide, inaugurating a rightward turn in American politics and culture. We still feel the effects of this tectonic shift today, as even subsequent Democratic administrations have offered neoliberal economic and social policies that owe more to Reagan than to FDR or LBJ. To understand what the American public was thinking during this pivotal year, we need to examine what they were reading, listening to, and watching. 1980: America's Pivotal Year puts the news events of the era—everything from the Iran hostage crisis to the rise of televangelism—into conversation with the year's popular culture. Separate chapters focus on the movies, television shows, songs, and books that Americans were talking about that year, including both the biggest hits and some notable flops that

failed to capture the shifting zeitgeist. As he looks at the events that had Americans glued to their screens, from the Miracle on Ice to the mystery of Who Shot J.R., cultural historian Jim Cullen garners surprising insights about how Americans' attitudes were changing as they entered the 1980s. Praise for Jim Cullen's previous Rutgers University Press books: *Informed and perceptive* —Norman Lear on *Those Were the Days: Why All in the Family Still Matters* Jim Cullen is one of the most acute cultural historians writing today. —Louis P. Masur, author of *The Sum of Our Dreams* on Martin Scorsese and the American Dream This is a terrific book, fun and learned and provocative....Cullen provides an entertaining and thoughtful account of the ways that we remember and how this is influenced and directed by what we watch. —Jerome de Groot, author of *Consuming History* on *From Memory to History*

**The Moon and Sixpence** William Somerset Maugham, 1919 Based on the life of the painter Paul Gauguin, this book relates the life of a Paris stockbroker who abandons his home, family, and business to live as an artist in Tahiti.
