

The Ballad Of Sexual Dependency

Anthony Edward Waine

The Ballad of Sexual Dependency Nan Goldin, Marvin Heiferman, Mark Holborn, 1986 Goldin charts the loss of innocence through barrooms and parties on the social periphery of New York's East Village and through the harrowing worlds of drugs and prostitution. The Ballad of Sexual Dependency is a visual diary chronicling the struggle for intimacy and understanding between friends, and lovers--collectively described by Nan Goldin as her tribe. Her work describes a world that is visceral, charged, and seething with life As Goldin writes: Real memory, which these pictures trigger, is an invocation of the color, smell, sound, and physical presence, the density and flavor of life.

The Ballad of Sexual Dependency Nan Goldin, 1986 The Ballad of Sexual Dependency is a visual diary chronicling the struggle for intimacy and understanding between friends, family, and lovers—collectively described by Goldin as her tribe. Her work describes a world that is visceral, charged, and seething with life. First published in 1986, this reissue recognizes the persistent relevance and freshness of Nan Goldin's cutting-edge photography. Her lush color photography and candid style demand that the viewer go beyond the surface to encounter a profound intensity. As Goldin writes: Real memory, which these pictures trigger, is an invocation of the color, smell, sound, and physical presence, the density and flavor of life. Through an accurate and detailed record of her life, Ballad reveals Goldin's personal odyssey as well as a more universal understanding of the different languages men and women speak, and the struggle between autonomy and dependency. Over the past twenty-five years, the influence of Ballad on photography and other aesthetic realms has continually grown, making the work a contemporary classic. Nan Goldin's story of urban life on the fringe was the swan song of an era that reached its peak in the early eighties. Yet it has captured an important element of humanity that is transcendent: a need to connect. This new edition of Ballad has been printed using new scans and separations created by master-separator Robert Hennessey from Goldin's original transparencies, rendering them with unparalleled sumptuousness and impact.

Phototextualities Alex Hughes, Andrea Noble, 2003 How are photographs understood as narratives? In this book twenty-two original critical essays tackle this overarching question in a series of case studies moving chronologically across the history of photography from the 1840s to the twenty-first century. The contributors explore the intersections of photography with history, memory, autobiography, time, death, mapping, the discourse of Orientalism, digital technology, and representations of race and gender. The essays range in focus from the role of photographic images in the memorialization of the Holocaust, the Argentine Dirty War, and Japanese American internment camps through Man Ray's classic image *Noire et blanche* and Nan Goldin's *The Ballad of Sexual Dependency* to the function of family albums in nineteenth-century England and America.

Ballads Michael Famighetti, 2020-06-09 Published by Aperture in 1986, Nan Goldin's *The Ballad of Sexual Dependency*, with its fresh, unflinching portrayal of the photographer's circle of friends, dramatically changed the course of photography. Decades on, the series retains its searing power, influencing new generations of artists. Goldin herself remains a bold, singular force in our culture. Recently, she has taken on the Sackler family, shining a light on its role in creating America's opioid crisis. Goldin's trenchant activism is a reminder of the artist's power to effect social change. The *Ballads* issue of Aperture magazine is organized around the themes contained within the original ballad--intimacy, friendship, community, love, sex, trauma, music--while also honoring the urgent role of the artist as a force for cultural and social change.

Slideshow M. Darsie Alexander, Charles Harrison, Robert Storr, 2005 Since the 1960s, an international group of artists has embraced slide projection as a dynamic alternative to the tradition of painting, blending aspects of photography, film, and installation art. *Slide Show* is the first in-depth examination of how slides evolved into one of the most exciting art forms of our time. Essays by leading scholars and 200 color illustrations provide visual, historical, and critical insight into this unique medium.

Changing Cultural Tastes Anthony Edward Waine, 2007 *Changing Cultural Tastes* offers a critical survey of the taste wars fought over the past two centuries between the intellectual establishment and the common people in Germany. It charts the

uneasy relationship of high and popular culture in Germany in the modern era. The impact of National Socialism and the strong influence from Great Britain and the United States are assessed in this cultural history of a changing nation and society. The period 1920-1980 is given special prominence, and the work of significant writers and artists such as Josef von Sternberg and Bertolt Brecht, Elfriede Jelinek and Rolf Dieter Brinkmann, Erwin Piscator and Heinrich Böll, is closely analysed. Their work has reflected changing tastes and, crucially, helped to make taste more pluralistic and democratic.

The (Moving) Pictures Generation V. Dika, 2012-03-14 Beginning in the late 1970s, a number of visual artists in downtown New York City returned to an exploration of the cinematic across mediums. Vera Dika considers their work within a greater cultural context and probes for a deeper understanding of the practice.

Nan Goldin Elisabeth Sussman, 1996 Starting in the early 1970s, this comprehensive catalogue of Nan Goldin's midcareer retrospective at the Whitney Museum of American Art covers the party years in Boston and New York night clubs, the widespread drug abuse, and the burgeoning AIDS crisis. Goldin's powerful color photographs recount a highly personal version of the last two decades, chronicling her sometimes desperate combat against death and loss, her search for intimacy, and her embrace of new friendships in Europe and Asia.

The Other Side Nan Goldin, 2000 Nan Goldin's seminal second book *The Other Side* is finally back in print. Ever since the early 1970s Goldin has lived with and among drag queens, documenting both their glamour and their struggles. *The Other Side* is her very personal declaration of love and gratitude to these drag queens, who showed her a way out of the captivity of pre-packaged, socially prescribed identity. As she put it: The pictures in this book are not of people suffering gender dysphoria but rather expressing gender euphoria.... The people in these pictures are truly revolutionary; they are the real winners in the battle of the sexes because they have stepped out of the ring. In contrast to much of the early 90s drag queen mania, *The Other Side* has brilliantly passed the test of time: Goldin's photographs are as beautiful, moving, and vibrant as ever, heralding the utopian promises of a world where gender has stopped being a prison -- a vision that remains as vital and acute as it was when the book was first published.

The Cinematic David Campany, 2007 This reader surveys the rich history of relationships between the moving and the still image in photography and film, tracing their ever-changing dialogue since early modernism. Manifestations of the cinematic in photography and of the photographic in cinema have been a springboard for the work of some of the most

influential contemporary artists.--BOOK JACKET.

American Exposures Louis Kaplan, 2005 *American Exposures* sheds light on photographs, from Arthur Mole's propagandistic 'living photographs' of American icons and symbols to the exploration of contemporary subcultural communities by the Korean-born photographer and performance artist Nikki Lee, and asserts that the depiction of community is a central component to photography. Louis Kaplan deploys a number of critical concepts and theories developed by Jean-Luc Nancy in *The Inoperative Community*, as well as other philosophers, and applies them to the field of photography studies. With an original approach to photography from Edward Steichen's *Family of Man* exhibition to Pedro Meyer and the rise of the digital image, Kaplan points to a new way to think about the intimate relationship among photography, American life, and the artistic imagination. -- Back cover.
