The Keys of the Kingdom AJ Cronin, 2015-04-15 AJ Cronin's inspiring novel of a controversial Scottish priest on a mission in China, where he learns the true meaning of humanity—and of faith. Francis Chisholm—a kindhearted and straightforward Scottish priest—walks a path of his own, making him unpopular with other members of the clergy. Ostracized by the clerical community and looked down on by his superiors, Chisholm takes a position in China where he supervises a mission beset by poverty, civil war, and plague. He encounters fierce resistance from the local Chinese who distrust his motives, especially as they do not understand or condone his faith. Despite enormous obstacles and temptations, Father Chisholm continues to live in accordance with what he holds as the ultimate truth—serving humanity is the one true religion of the world. The Keys of the Kingdom was adapted into the 1944 film starring Gregory Peck as Fr. Francis Chisholm, a role for which he earned his first Best Actor Oscar nomination. Hailed as a magnificent story of the great adventure of individual goodness by the New York Times Book Review and full of life and people and color by Harper's Magazine, The Keys of the Kingdom is considered by many to be AJ Cronin's finest work.

The Keys of the Kingdom A. J. Cronin, 2026-03-12 The Keys of the Kingdom is the unforgettable story of the Reverend Francis Chisholm and his fight against the snares of the world he has given up. One of Cronin's most famous characters, we follow Chisholm from Scotland to China over the course of six decades as he tries to find the true path for himself and the church. Guided by humility and strength, courage and kindness, Chisholm must overcome the famine, plague and war his journey presents to him. From the author of The Citadel, Hatter's Castle, The Stars Look Down, Shannon's Way and The Spanish Gardener comes this compelling tale of an ordinary man of the people.

Missionaries in the Golden Age of Hollywood Douglas Carl Abrams, 2022-12-15 This book examines major British and American missionary films during the Golden Age of Hollywood to explore the significance of race, gender, and spirituality in relation to the lives of the missionaries portrayed in film during the middle third of the twentieth century. Film both

influences and reflects culture, and racial, gender, and religious identities are some of the most debated issues globally today. In the movies explored in this book, missionary interactions with various people groups reflect the historical changes which took place during this time.

The Call of the Heart Bruce Babington, Charles Barr, 2018-11-07 The profusion of research on film history means that there are now few Hollywood filmmakers in the category of Neglected Master; John M Stahl (1886-1950) has been stuck in it for far too long. His strong association with melodrama and the woman's film is a key to this neglect; those mainstays of popular cinema are no longer the object of critical scorn or indifference, but Stahl has until now hardly benefited from this welcome change in attitude. His remarkable silent melodramas were either lost, or buried in archives, while his major sound films such as *Imitation of Life* and *Magnificent Obsession*, equally successful in their time, have been overshadowed by the glamour of the 1950s remakes by Douglas Sirk. Sirk is a far from neglected figure; Stahl's much longer Hollywood career deserves attention and celebration in its own right, as this book definitively shows. Drawing on a wide range of film and document archives, scholars from three continents come together to cover Stahl's work, as director and also producer, from its beginnings during World War I to his death, as a still active filmmaker, in 1950. Between them they make a strong case for Stahl as an important figure in cinema history, and as author of many films that still have the power to move their audiences.

popular evangelical fiction. *Encyclopedia of Contemporary Christian Fiction: From C.S. Lewis to Left Behind* spans the entire breadth of Christian-themed British and American writing from World War II to the present—well-known and less familiar authors, acclaimed literary novels, and popular writing in a variety of genres (mysteries, thrillers, romances), works that explore matters of faith, works that challenge orthodoxy and church practices, and works wholly written by and for devout evangelicals. *Encyclopedia of Contemporary Christian Fiction* offers 90 alphabetically organized entries covering the field's most important writers. Each entry includes a brief biography, religious and educational background, a survey of major works and themes, and a summary of critical response, as well as a bibliography of major works and criticism.
