Matthew Specktor

Always Crashing in the Same Car: On Art, Crisis, and Los Angeles, California Matthew Specktor, 2021-07-27 A Best Book of the Year at The Atlantic Los Angeles Times Bestseller [An] absorbing and revealing book. . . . nestling in the fruitful terrain between memoir and criticism. —Geoff Dyer, author of *Out of Sheer Rage* Blending memoir and cultural criticism, Matthew Specktor explores family legacy, the lives of artists, and a city that embodies both dreams and disillusionment. In 2006, Matthew Specktor moved into a crumbling Los Angeles apartment opposite the one in which F. Scott Fitzgerald spent the last moments of his life. Fitz had been Specktor's first literary idol, someone whose own passage through Hollywood had, allegedly, broken him. Freshly divorced, professionally flailing, and reeling from his mother's cancer diagnosis, Specktor was feeling unmoored. But rather than giving in or "cracking up," he embarked on an obsessive journey to make sense of the mythologies of "success" and "failure" that haunt the artist's life and the American imagination. Part memoir, part cultural history, part portrait of place, *Always Crashing in the Same Car* explores Hollywood through a certain kind of collapse. It's a vibrant and intimate inspection of failure told through the lives of iconic, if under-sung, artists—Carole Eastman, Eleanor Perry, Warren Zevon, Tuesday Weld, and Hal Ashby, among others—and the author's own family history. Through this constellation of Hollywood figures, he unearths a fascinating alternate history of the city that raised him and explores the ways in which curtailed ambition, insufficiency, and loss shape all our lives. At once deeply personal and broadly erudite, it is a story of an art form (the movies), a city (Los Angeles), and one person's attempt to create meaning out of both. Above all, Specktor creates a moving search for optimism alongside the inevitability of failure and reveals the still-resonant power of art to help us navigate the beautiful ruins that await us all.

Our Time After a While Lloyd Billingsley, 2010-02-04 All baby boomers are children of their time. In *Our Time After a While*, writer Lloyd Billingsley backpacks into that time, the tail end of the tail-fin era, in its very birthplace. In the motor cities of Detroit and Windsor, the streets, schools and parks jostled with a vast cast of characters. The author charts their adventures, and the sound track no border could stop, and which would spread around the world. This was long ago, but like Bob Seger the author is still humming a song from 1962, and still looking back in wonder. In *Our Time After a While*, his fellow baby boomers and all others can join him. Memories are made of this.

TV in the USA Vincent LoBrutto, 2018-01-04 This three-volume set is a valuable resource for researching the history of American television. An encyclopedic range of information documents how television forever changed the face of media and continues to be a powerful influence on society. What are the reasons behind enduring popularity of television genres such as police crime dramas, soap operas, sitcoms, and reality TV? What impact has television had on the culture and morality of American life? Does television largely emulate and reflect real life and society, or vice versa? How does television's influence differ from that of other media such as newspapers and magazines, radio, movies, and the Internet? These are just a few of the questions explored in the three-volume encyclopedia *TV in the USA: A History of Icons, Idols, and Ideas*. This expansive set covers television from 1950 to the present day, addressing shows of all genres, well-known programs and short-lived series alike, broadcast on the traditional and cable networks. All three volumes lead off with a keynote essay regarding the technical and historical features of the decade(s) covered. Each entry on a specific show investigates the narrative, themes, and history of the program; provides comprehensive information about when the show started and ended, and why; and identifies the star players, directors, producers, and other key members of the crew of each television production. The set also features essays that explore how a particular program or type of show has influenced or reflected American society, and it includes numerous sidebars packed with interesting data, related information, and additional insights into the subject matter.
