Sebastian Brünink

The Full-knowing Reader Joseph Michael Pucci, Joseph Pucci, 1998-01-01 Literary allusions abound in Western literature, and those who study them tend to focus on the author's intentions to demonstrate erudition, embellish meaning, or exert control over tradition. Joseph Pucci contends that the key to grasping the meaning of an allusive text is in the hands of the full-knowing reader. Pucci shows how allusion authorizes the desires of such a reader - one who is active, engaged, and historically sensitive - at the expense of the author.

Validity in the Identification and Interpretation of Literary Allusions in the Hebrew Bible David R. Klingler, 2021-10-26 Given the present state of affairs in the area of intertextuality, along with the multitude of competing interpretations of Scripture, *Validity in the Identification and Interpretation of a Literary Allusion in the Bible* seeks to bring a measure of reason and methodological control back into the discussion. With that in mind, this work is heavily philosophical yet also deeply practical. By defining what literary allusions are and how they work, David Klingler seeks to provide some interpretive criteria for assessing the various claims about literary allusions in the Bible.

Allusion Allan H. Pasco, 2002 Originally published in 1994, this pioneering study looks empirically at the way allusion works in specific fictions and affects the reading process. Clear, concise definitions and distinctions are illustrated by close readings of Flaubert, Stendhal, Balzac, Zola, Proust, and Robbe-Grillet.

Remembering the Covenants in Song Young-Sam Won, 2019-08-20 In biblical and theological studies, fresh perspectives and novel approaches can breathe new life into familiar subjects. *Remembering the Covenants in Song* reconsiders the Abrahamic and Mosaic covenant relationship through the unique biblical and canonical lens of a postexilic song. In Psalm 105, the psalmist's intriguing intertextual engagement with both of Israel's great covenant traditions provides a rare glimpse into the covenant-understanding of a postexilic biblical writer interacting with the Torah. *Remembering the Covenants in Song* entails an intertextual study of Psalm 105 that brings the psalmist's rhetorical design and covenant references into a dialogue with the Torah's seminal covenant texts. The examination of the psalmist's use of covenant references and allusions represents an innovative approach to assessing the rhetorical significance of intertextuality in biblical writings.

With vivacity, grace, and wit, Doody traces the history (of the novel) from the ancient novels of Apuleium and Heliodorus through the Renaissance fictions of Boccaccio, Cervantes, and Rabelais to the 'official' birth of the novel in 18th-century England.--BOSTON GLOBE. 39 illustrations.
