Charles Francis Chan Jr.'s Exotic Oriental Murder Mystery Lloyd Suh, 2021-03-26 In 1967, Berkeley grad student Frank Chan and his artist-activist girlfriend Kathy Ching are staging a revolution. Amid the backdrop of ongoing war in Vietnam and a peak in the Civil Rights movement, they devise a wild, impulsive theatrical trip through the history of Asians in America, from the ancestral railways of their forebears to the shameful legacy of Charlie Chan stereotypes, all in pursuit of establishing a brand new political identity they've decided to call "Asian America." CHARLES FRANCIS CHAN JR.'S EXOTIC ORIENTAL MURDER MYSTERY is a harmless sing-song orientalist minstrel show that ends in a grotesque carnival of murder!!!

HITLER: do you self-identify the same as Hitler? SOCIALIST - S means SOCIALISM. Christina Antioch,Etienne de la Boetie2,Libertarian Book Club, Almost everyone (including every scholar) refers to Hitler as Nazi or Fascist and not Socialist. Educational Outreach Programs (EOPs) inspired by Dr. Rex Curry's work are the only services that inform ignorant scholars that Hitler self-identified as Socialist. He did not self-identify as Nazi, nor as Fascist. No one else provides this vital public awareness. So, if you ever see a sentence like the following one then you know it was from EOPs for Dr. Curry's work: Hitler didn't call himself Nazi or Fascist, he called himself socialist. The linguistic EOPs above led to many amazing historical discoveries, including revelations about Anne Frank's Diary; Adolf Hitler's "Mein Kampf"; Sophie Scholl's White Rose group; Joseph Goebbels' "Der Nazi Sozi"; Martin Niemoller's verse "First They Came For the Socialists"; the swastika symbol; the hexagram (Star of David); and much more! Except for the American Historian Laureate Dr. Rex Curry, every other historian did not see how the USA's Pledge of Allegiance led to Nazi salutes and Nazi behavior; and how the original pledge's use of the military salute led to the Nazi salute. Also, historians did not see the similar symbolism of Adolf Hitler's NSV, SA, and SS logos, as compared with the logo of Hitler's party: the National Socialist German Workers Party. Even today, only exceptional scholars with extraordinary skills (e.g. Dr. Curry) are able to discern the "S"-letter shape of the NSV's logo (The National

Socialist People's Welfare; in German: Nationalsozialistische Volkswohlfahrt). The S symbolism is almost as difficult to perceive as in Hitler's Hakenkreuz (hooked cross). It is as undetectable as in the symbols for the SS and SA (Schutzstaffel and Sturmabteilung). All historians did not see (other than Dr. Curry) how Hitler used his party's symbol to represent S-letter shapes for SOCIALIST. Do you not see? Professor Curry transformed the culture of India along with Hinduism and Buddhism. Before Dr. Curry's discoveries, Buddhists and Hindus published complaints that "Hitler stole their swastika symbol and ruined it and they want to restore respect for their ancient symbol." Educational Outreach Programs (EOP) about Dr. Curry's work taught India's commentators that Hitler's symbol was not a swastika, and that Hitler never called it a swastika. An upheaval occurred among Buddhists and Hindus in their objections. Now they proudly assert: "Hitler called his symbol a Hakenkreuz (hooked cross), not a swastika. It was not the same symbol. Dr. Curry told us!"

The Hidden Face of Feminist Ideology Conrad Riker, Are you tired of misleading narratives about women's issues? Do you want to understand the female psyche without having to dig through layers of politically correct masking? This eye-opening book delves into the heart of feminist ideology, debunking the myths and revealing the true motives behind the movements that have captured the world's attention. In this groundbreaking exploration, author Conrad Riker uncovers the psychological drivers that lead women to embrace radical ideologies, including the Oedipus complex, penis envy, and the Electra complex. He also sheds light on the impact of father figures and the absence of a paternal figure in shaping women's psyche, revealing the hidden motivations that drive their actions. With discussions on rape fantasies, bondage, submission, and the concept of rape culture, Riker provides a comprehensive and unapologetic analysis of the darker corners of women's desires. The author critically examines the influence of critical theory, gender studies, and the woke movement on women's self-perception, revealing the dangerous dynamics that have shaped the relationships between men and women today. Finally, Riker offers practical advice on how to navigate the complex world of politically correct language, encouraging men to regain their freedom of expression while respecting women's boundaries. If you're ready to uncover the hidden face of feminist ideology, this book is a must-read. Get your copy today and discover the truth about the women's movement that has been hidden from view.

Rubin, 2019-07-17 Through rich and research-grounded clinical applications, *Using Superheroes and Villains in Counseling and Play Therapy* explores creative techniques for integrating superhero stories and metaphors in clinical work with children, adolescents, adults and families. Each chapter draws on the latest empirically supported approaches and techniques to address a wide range of clinical challenges in individual, family and group settings. The chapters also explore important contextual issues of race, gender, culture, age and ethnicity and provide case studies and practical tips that clinicians can use to support clients on their healing journey.

Fatherhood and Masculinities Catherine Gallais, 2023-08-09 Based on novel ethnographic research conducted in New York City, this book explores through the lens of intersectionality how gender impacts men's experiences of full-time fatherhood, as well as how sexuality, race, class, faith, and so on result in unequal access to choices and opportunities as parents. Chapters analyze how perspectives on caregiving are complicated by varying cultural, gendered, and racialized stereotypes and representations that pull different fathers toward or push them away from particular models of fatherhood in an urban context. Additionally, the author interrogates how societal conceptions of men's bodies also play a role in how men understand their experiences of fatherhood. This book will be of interest to scholars and students studying gender, masculinity, and fatherhood.

Falling for Me Anna David,2011-10-11 Like most women, whether they've chosen the Fortune 500 career path or have had five kids by 35, Anna David wondered if she'd made the right choices. Then she came upon the book *Sex and the Single Girl* by Helen Gurley Brown, Cosmopolitan's fearless leader from the mid-sixties to the late nineties. Immediately connecting with Gurley Brown's unique message of self-empowerment combined with femininity, Anna vowed to use *Sex* as a lesson plan, venturing out of her comfort zone in the hope of overcoming the fears and insecurities that had haunted her for years. Embarking on a journey both intensely personal and undeniably universal, she becomes adventurous and spontaneous—reviving her wardrobe and apartment, taking French lessons, dashing off to Seville, and whiling nights away with men she never would have considered before. In the process, she ends up meeting the person really worth changing for: herself.

The Rift Frequency Amy S. Foster,2017-10-31 To save her loved ones, unlock the mystery of who she is, and finally get revenge, a brave young woman must travel through the multiverse and between alternate realities in *The Rift Frequency*, the exciting second book in Amy S. Foster's *The Rift Uprising Trilogy*. She didn't mean to, but... Teenage super-soldier Ryn Whittaker started an uprising. For three years Ryn was stationed at The Battle Ground Rift site—one of the fourteen mysterious and unpredictable tears in the fabric of the universe that serve as doorways to alternate Earths—and then she met Ezra Massad. Falling in love and becoming a rebel Citadel wasn't part of Ryn's life plan, but with Ezra there asking all the right questions, they began to decode what's really going on with the Allied Rift Coalition, and what they discovered was enough to start a civil war. When the base explodes with infighting and Ezra gets caught in the fray, he is accidentally pushed through the Rift, taking a stolen laptop—and the answers it could give Ryn—with him. Now all Ryn wants is to locate Ezra and get back to her Earth. But that's not easy when she's traveling the multiverse with Levi, the painfully guarded Citadel who shoved Ezra through in the first place. And Ryn is quickly learning that inside the multiverse there is no normal—it's adapt, or die—and the one weapon she really needs to win the war back home is the truth.
