Dora van Gelder Kunz

A Most Unusual Life Kirsten Van Gelder, Frank Chesley, 2015-01-01 An intimate look inside the life of an influential pioneer of alternative healing. Born on a sugar plantation in Java at the turn of the twentieth century, psychic, alternative healer and writer Dora van Gelder Kunz was to become one of the most unique and unforgettable women of her age. This biography traces her life from her signs of clairvoyant ability in early childhood through her pioneering development, with Delores Krieger, of Therapeutic Touch; her presidency of the Theosophical Society in America; and, finally, her death at ninety-five. Among her several seminal books in the genre of modern esoteric literature are *The Real World of Fairies*, *The Personal Aura*, and *Spiritual Healing*. Those who knew Dora were captivated by her blunt honesty, tremendous perception, deep compassion, and infinite capacity for hilarity. As this book lovingly chronicles, hers was indeed a most unusual life.

The Personal Aura Dora Kunz, 1991-05-01 A fascinating, clairvoyant look at the emotional energy field that surrounds each person. Nineteen color plates show changes in the field as people age or during times of illness. A fresh view of the subtle aspects of the human constitution, which usually are hidden from most of us.

The Chakras and the Human Energy Fields Shafica Karagulla, Dora van Gelder Kunz, 1989-04-01 A presentation of experimental evidence that illness can be seen in the subtle energy fields of the body. Fascinating case studies of actual patients show that clairvoyant observation can diagnose disease and even reveal potential illness before it manifests in physical symptoms. The key to health and disease lies in the dynamic interaction between the body's physical, emotional, and mental fields and universal energy fields. Understanding this interaction can help us alter our energy patterns in the direction of better health. Includes a full-color foldout diagram of the chakra system.

The Real World of Fairies Dora van Gelder Kunz, 2013-08-15 *The Real World of Fairies* is a privileged glimpse into a joyous, animated universe. Dora's enchanting vision of her encounters with the fairy realm delights the child in us, while it excites our grown-up imagination, rekindles our creative energy, and deepens our sense of connection with nature. This new edition features a foreword by Celtic folk expert Caitlin Matthews. Caitlin's personal experiences and deep knowledge of the fairy world resonate brilliantly with Dora's, adding a fresh perspective for contemporary readers.

A Spiritual Hypothesis Daniel Punzak, 2017-04-06 Traditional Western religion explains that each human has a spiritual aspect called a soul. However, several passages in the Bible allude to humans having a soul and a spirit. Dan has explored

this idea and found numerous modern psychological findings that support this notion. Shamanism and some Eastern religious concepts also support this idea. Diverse concepts such as creativity and mental illness can be explained by the idea that two spiritual forms are in each human.

End of Oblivion: The Great Deceit and Why We Need to Reclaim Our Spiritual Evolution Aleksandar Ostojic, 2019-08-08
End of Oblivion: The Great Deceit and Why We Need to Reclaim Our Spiritual Evolution is an informal overview of the current state of humanity and the world, and delves into how our perceptions of reality have been drastically distorted to the point where the majority of the population cannot perceive distortion any longer. Deceit is present in every area of our lives, but beneath these secular manifestations, deeper metaphysical undercurrents are interlacing with our spiritual, evolutionary direction. Armed with a wealth of factual evidence as well as personal observations, the author puts forth a compelling explanation as to who is really behind this great deceit and offers choices on how to break free for those curious enough to ponder. It is time to remove our blindfolds, to consciously choose our path, and to reclaim the true purpose of our being - our spiritual evolution. The book reflects on the Law of One material.

The Healing Effects of Energy Medicine Shannon McRae, 2015-09-01 In this book, Shannon McRae, a gifted clairvoyant and healer, weaves case stories with cutting-edge science to describe her remarkable work with clients at the cellular level, from healing a headache and repairing an eardrum to removing cancer and alleviating depression. Working in the tradition of Dora Kunz and Delores Krieger, cofounders of Therapeutic Touch, McRae emphasizes the importance in healing of positive thought, forgiveness, and the patient's letting go of emotional pain and resistance to health. Each of her examples is instructive, and each gives hope, no matter what the physical or mental condition might be. The epilogue shares Shannon's insights about life after death and the realm of unseen helpers. This first-person account of a renowned medical intuitive describing her experiences in helping people heal is aimed at everyone interested in alternative health in general and energy medicine in particular.

Chakra Organized Acceptance and Commitment Therapy Rosemary Hale, 2022-11-22 This book integrates the traditional chakra model, which provides a map-like tool for how psycho-emotional content interacts with the physical body, with current evidence-based psychological practice. As growing research highlights the impact of psychological trauma on physical health and the prevalence of medically unexplained symptoms, novel treatment approaches are required to address the unique complexities of these conditions. Drawing from humanistic psychology and Acceptance and Commitment Therapy (ACT), this book presents a holistic model for treating psychosomatic disorders. Chapters focus on the basic principles of the chakra system, along with treatment orientation, values-based action, and more. This book is an essential introduction to working with the chakra system in the context of behavioral health interventions and is suitable for all healthcare professionals, in particular clinical psychologists, therapists, and counsellors.

The Force Is With Us Thomas Walker, 2014-03-17 Inspired by encounters with his son from beyond the grave, Tom Walker went searching for answers. He discovered that paranormal phenomena have not only been exhaustively studied, but that scientific evidence exists to support it. He uncovered numerous scientific studies involving telepathy, clairvoyance, precognition, and psychokinesis, as well as government-funded scientists who proved their validity. Through his research, Walker eventually came to the belief that there is a force in the world that makes things happen. The force, an energy field that permeates the universe, forms and sustains all things, and is the basis behind paranormal phenomena and alternative forms of healing. He describes his provocative conclusions in this book. Making compelling connections between ideas like the Great Void and “dark matter,” between Ch’i and quantum fields, Walker argues that it is our connection with the higher planes of consciousness — the fundamental quantum reality— that truly makes up the world.

The Spiritual Dimension of Therapeutic Touch Dora Kunz, 2004-04-09 During years of research and practice, Krieger and her mentor--the late medical intuitive and clairvoyant, Kunz--found illness to be caused by energy imbalance.
