**Go With the Flow and Find Your Way!** B. Martin Lopez, 2022-01-06 Use reflection as a means to evaluate your situation and gain a new perspective that will thrust you forward to a new opportunity. —B. Martin Lopez When you pursue a career path, how often do you think what is required to be a leader, achieve success, and see failure as a positive? As you read this book, you will understand how reflection, perspective, and opportunity are critical in every aspect of your life and how developing into the person you dream of being requires more from you than you think. This book covers important questions that people ask themselves at some point in their lives: When you become a leader, do you think to yourself, where do I begin? To achieve success, do you think of what is required to attain it or keep it? When you fail, do you see the benefits that failure teaches you that success could not? This book answers these important questions through the stories, examples, and insights that will equip you with a positive understanding that you can achieve your goals with the right mindset. Life has a way of throwing curveballs at us that we just cannot hit; and that is okay when you understand that the negatives and positives we experience shape and mold us into the person we are meant to become. This book is where the rubber meets the road.

Message from the Stream: Go with the Flow Ruby Radford, 2012-03-01 Ruby Radford, in her book, *Message from the Stream*, takes the reader on a spiritual journey by way of her encounter with a stream at a spiritual retreat. Her book is filled with inspiration and motivation for Christians who may become stalled on their spiritual journey. Using her gift as a poet, she interjects poetry and short stories to help tell her story. In the introduction she asks the reader to trust in the Creator of streams of life, as a prerequisite for the faith journey that unfolds in the book. As a student in a spiritual

direction class while in seminary, the class, along with the professor, traveled to a retreat site in Pennsylvania to practice the presence of God. Following the instructions of the professor, the students stood on a hillside in silence overlooking a stream of water. While looking at the stream, Ruby engages in a dialogue with the stream. Obedient to the voice from the stream to, go with the flow, she relaxed and spiritually flowed with the stream. During the flow, situations and circumstances that had caused a leak in her faith became plugged with the knowledge that God knows and is with her. In other words, she was not walking alone. The voice from the stream encouraged her to stay on the path that she was traveling and made it clear that the Holy Spirit would help navigate her through the debris and obstacles that sought to interrupt her flow. She comes away from the stream with a better understanding of her call to ordain ministry in light of the physical, mental, and spiritual interrupters that sought to alter her walk. She comes out of the experience advocating for spiritual direction teaching as a means to aid Christians in establishing a closer relationship with God. She comes away from the retreat with her own personal definition of faith, Faith is not just a statement that one makes but is the life that one lives in concert with the Holy Spirit. As the book comes to an end, Ruby offers spiritual disciplines suggestions of retreat (alone time with God), and praying (talk to God about everything, all the time), as necessary practice to draw closer to God. Adding these disciplines to those of reading the Bible and meditation, the reader has a good starter kit for spiritual direction practice. Practice is at the core of spiritual direction. Practice does not make perfect but it does make closer our relationship with God.

Critical Gerontology Comes of Age Chris Wellin, 2018-05-01 Critical Gerontology Comes of Age reflects on how baby boomers, caretakers, and health professionals are perceiving and adapting to historical, social, political, and cultural changes that call into question prior assumptions about aging and life progression. Through an exploration of earlier and later-life stages and the dynamic changes in intergenerational relations, chapter authors reexamine the research, methods, and scope of critical gerontology, a multidisciplinary field that speaks to the experiences of life in the 21st century. Topics include Medicare, privatization of home care, incarceration, outreach to LGBTQ elders, migration, and chronic illness. Grounded in innovative research and case studies, this volume reflects multiple perspectives and is accessible to lay readers, advanced undergraduates and graduate students, and professionals in many fields.

Baby Boomers Naomi Woodspring, 2016-07-01 This ground-breaking study of the baby boomer generation, who are now entering old age, breaks new ground in ageing research. This post-war cohort has experienced a range of social, cultural, and medical changes in regard to their notions of body, from the introduction of the Pill and the decoupling of sex and procreation to the H-Bomb and Earthrise. Yet, paradoxically, ageing is also universal. This exciting book reflects the

intersection of time, ageing, body and identity to give a more nuanced and enlightened understanding of the ageing process.
