

Histologia De Di Fiore

Eduardo Zappi, Eduardo A. Zappi

Histología de Di Fiore José Hib, 2009

Current Catalog National Library of Medicine (U.S.), 1979 First multi-year cumulation covers six years: 1965-70.

Di Fiore's Atlas of Histology with Functional Correlations Victor P. Eroschenko, 1993 Since its first appearance in 1957, the Atlas has been regarded as the expert in the field of histology. The 7th edition reflects a new integrated approach to histology, presenting structure and is completely updated, rewritten, revised and expanded by Dr Eroschenko. 17 new colour drawings and clear labels have replaced older figures and functional correlations have been introduced. The book combines morphology with function.

Dermatopathology Eduardo Zappi, Eduardo A. Zappi, 2012-10-28 This book shall assist the microscopist in a practical way, with the help of three mainstays, a. clinical information, b. the resources a standard histopathology laboratory may offer and c. the light microscope, to approach and solve the diagnostic problems he/she may face in the field of dermatopathology. In fact, this is the way in which the senior author of this book has been successfully working over thirty years in his capacity as director of a private dermatopathology laboratory.

National Library of Medicine Current Catalog National Library of Medicine (U.S.), 1971

Histología de Di Fiore José Hib, Mariano S. H. Di Fiore, 2001 Moderno libro teórico y práctico, ilustrado con los magníficos dibujos en colores del tradicional Atlas de Histología Normal de Di Fiore, complementado a lo largo del texto con nuevas ilustraciones y esquemas muy didácticos en colores, con el propósito de ofrecer a docentes y alumnos una obra sucinta, completa y muy visual, ajustada a los programas de la materia vigentes de todas las universidades. Una síntesis actualizada que incluye los instrumentos y métodos utilizados en los estudios histológicos, describiendo células, tejidos y órganos, con un diagnóstico razonado de las estructuras microscópicas. Escrito con autoridad por un destacado docente de notables cualidades pedagógicas, en un lenguaje claro, llano y accesible, lo cual facilita el reconocimiento histológico y la interpretación diagnóstica de los preparados que el estudiante observa en el microscopio.

National Union Catalog ,1982 Includes entries for maps and atlases.

Histología médico-práctica + StudentConsult en español Herminia Alicia Brusco,Juan José López Costa,César Fabián Loidl,2014-07-23 Magnífica obra en el campo de la Histología de la mano de los prestigiosos docentes Herminia Alicia Brusco, Juan José López- Costa y César Fabián Loidl, todos ellos con una amplia experiencia y reputación en la Facultad de Medicina de Buenos Aires en Argentina. Se presenta un libro conciso en el que se hace especial énfasis en las características morfológicas, sin descuidar los avances producidos en el campo de la biología molecular, pero sin profundizar demasiado en este aspecto. El objetivo de la obra se centra en el aspecto microscópico estructural y ultraestructural, que sirva de sólida base de conocimientos para después poder comprender la fisiología y la patología. Estas correlaciones se ponen de manifiesto en cada uno de los capítulos, en el apartado llamado Proyección médica. La obra tiene un marcado carácter didáctico, con aprox 300 ilustraciones de gran calidad, numerosos esquemas y cuadros que facilitan la correcta descripción de una preparación histológica, así como un certero diagnóstico histológico.

National Union Catalog Library of Congress,1979 Includes entries for maps and atlases.

LC and AACR2 Alan M. Greenbert,Carole R. McIver,1984 The authors provide an organized source of examples of Library of Congress cataloguing practice according to Anglo-American Cataloguing Rules, Second Edition (AACR 2) and seek to save the cataloger's time and assist them in maintaining consistency in their catalogs. The examples are arranged by AACR 2 rule numbers. The book includes numerous examples of descriptive cataloguing and of serial cataloguing, while it does not include examples of chapters 7-11 of the rules, which cover motion-pictures and video recordings, graphic materials, machine readable data files, three-dimensional artifacts and microforms, and of rules covering geographic names and references. Throughout the book, few examples are given for rules requiring little or no interpretation and many when individual judgement is required. ISBN 0-8108-1683-0 : \$19.50 (For use only in the library).

Anales de la Facultad de Medicina Universidad Nacional Mayor de San Marcos. Facultad de Medicina,1957
