Images of Pastoral Care Robert C Dykstra, 2005-01-01 This book is an edited volume of works that have predominated over the past several decades in contemporary pastoral theology. Through the writings of nineteen leading voices in the history of pastoral care, Dykstra shows how each contributor developed a metaphor for understanding pastoral care. Such metaphors include the solicitous shepherd, the wounded healer, the intimate stranger, the midwife, and other tangible images. Through these works, the reader gains a sense of the varied identities of pastoral care professionals, their struggles for recognition in this often controversial field, and insight into the history of the discipline. Includes readings by: Anton T. Boisen, Alastair V. Campbell, Donald Capps, James E. Dittes, Robert C. Dykstra, Heije Faber, Charles V. Gerkin, Brita L. Gill-Austern, Karen R. Hanson, Seward Hiltner, Margaret Zipse Kornfeld, Bonnie J. Miller-McLemore, Jeanne Stevenson Moessner, Henri J. M. Nouwen, Gaylord Noyce, Paul W. Pruyser, Edward P. Wimberly.

A Chaplain's Experience Rev. John Skanse MDiv., COL ILANG (Retired), BCC, 2018-02-20 What is the place of a chaplain in medical care? How does chaplaincy fit into the psychological and physical spectrum of care in a medical setting? What words might more effectively express the need for chaplaincy involvement? What is the global goal of chaplaincy involvement, whether working with a patient of one's own religion, other religions, or those with no religious focus? How can a deeply religious chaplain effectively and honestly work with non-religious patients and/or family to provide a needed value? These questions are explored in depth in Chaplain Skanse's new book, *A Chaplain's Expertise: The New Paradigm*. In it, Chaplain Skanse seeks to develop a simpler, universal language to talk about spiritual care. Much is said about being spiritual and touching another person's life spiritually. What this means and how one actually does this in the crisis of medical uncertainty, without stepping on the autonomy of another person and/or their family, is explored with this new paradigm. Chaplain Skanse seeks to simplify the language of chaplaincy into a functional common language that allows patients, their families, the medical team, hospital administrators and even society at large to understand and converse with the chaplain. This language creates a more unified and effective response to the questions of what chaplains do beyond their own religious or denominational offerings and how can they speak about their value to everyone involved in the trauma of medical need. Whether one is exploring the field of chaplaincy for the first time or has worked in chaplaincy for a many years, this new perspective provides a framework from which everyone on the medical team can begin their evaluation with

common goals for spiritual care.

SCM Studyguide Pastoral Theology Margaret Whipp,2013-04-18 Through the course of their work with people engaged in ministries of various kinds - spiritual directors, healthcare chaplains, local clergy, theological educators, youth workers, the authors of this groundbreaking book have become convinced of the need to provide a practical guide to the practice of pastoral supervision understood as a core discipline of the Christian church and enriched by the best of what other supervision disciplines have to offer. Each chapter focuses on a different aspect of pastoral supervision, embedding it theologically and offering rooted examples from their own practice. At the end of each chapter practical exercises are offered to help the reader reflect on their own practice and tools are suggested for use with supervision groups and in work with individuals.

The Art of Spiritual Midwifery Stephen Faller,2015-06-02 What comes after reflective listening? What comes after the ministry of presence? Spiritual midwifery is a powerful framework for offering pastoral care in today's fast-paced environment. Midwifery offers ways of thinking about those who are served, the work itself, and what it means to be a clinical caregiver within the tradition of the care of souls. Spiritual midwifery has philosophical and spiritual roots that stem from the earliest seeds of Western thought, even back to Jesus and Socrates. Readers will find an inductive approach toward a conceptual model that offers insight for richer assessments and outcome-oriented goals of care. Part One sets out the metaphors of the midwife and the dialogue. Part Two unpacks the methodology behind the mechanics. Part Three looks at creative applications of midwifery, and is followed by a Symposium patterned after Plato's own Symposium. A rigorous theory remains at the center of the work, but the tone is poetically balanced enough to invite the transformation of the spiritual caregiver. From the philosophy of Heraclitus to the theology of Kierkegaard to the spiritual direction of Guenther, *The Art of Spiritual Midwifery* brings forth a comprehensive conception of pastoral care and its delivery.

Doing Integrative Theology Myk Habets,Phil Halstead,2016-02-09 The doing of theology comes in many different guises and styles. This volume is concerned with Integrative Theology, a discipline which serves participation in the mission of God. It is a practice of discernment by which we aim to be attentive to God in God's world, God's word, and God's work, so as to grow in our understanding of what God wants for and is doing in the world. We seek this knowledge so that we may align ourselves with God's desire in relation to specific realities and issues and serve what we discern to be God's purpose with wisdom and courage. When we do that, we are participating in the mission of God. By means of an explanation of Integrative Theology, its aims, goals, and methods, and then through a series of essays illustrating the results of such a theology, this volume serves as a textbook for doing Integrative Theology. Students and faculty alike will find in this volume a valuable resource for doing theology in the early twenty-first century.

Visions of the Good Life ,2025-11-13 There is something wrong with us and the world we find ourselves in. In the

Christian tradition, the concept of God's salvation describes the divine intervention to overcome this brokenness. However, such language might easily be misunderstood in the increasingly secular West. To make the reality of the doctrine of salvation understandable, relevant, and attractive for Europeans in the West, we might begin to think of it more in terms of relationship, well-being, and wholeness. Using a Biblical term, salvation is about the Shalom of the Reign of God. This volume explores the lived salvation practices of faith communities and missions, and their conceptualisations in the West: how is the good life perceived and practiced? Contributors are Clive Marsh, Jan Martijn Abrahamse, Dejan Aždajić, K. Francis Adebayo, Philip Bartholomä, Janel Kragt Bakker, Nigel Rooms, Karen Zwijze-Koning, Hans Schaeffer, Berdine van den Toren-Lekkerkerker, Jack Barentsen, Chris James, Sake Stoppels, Annemieke de Jonge, Bert Roor, Evelien van Duffelen, Harvey Kwiyani, James Butler, Kathy Ross, Ross Lockhart, and Stefan Paas.

The Three Tasks of Leadership Eric O. Jacobsen, 2009-02-05 This book unpacks business leader Max De Pree's famous definition of leadership originally given for the business world and applies it to the church. Eighteen theologians and pastors here offer essays echoing that definition. The Three Tasks of Leadership is refreshingly free of jargon, full of practical and inspirational advice, and perfect for both pastors in the field and pastors in formation. / Contributors: David Augsburg, Robert Banks, James E. Bradley, Mark Lau Branson, Sherwood Lingenfelter, Richard J. Mouw, Nancy Ortburg, Richard Peace, Charles J. Scalise, Wilbert R. Shenk, Marguerite Shuster, Siang-Yang Tan, Dennis N.
