Misterio de Cristo y celebración de su memoria Enrique Bermejo,2017-11-10T00:00:00+01:00 Esta obra es un instrumento apto a descubrir la memoria que encierra cada uno de los Santos Lugares. El misterio se convierte en realidad viva en la celebración de la Eucaristía. Los sacerdotes podrán preparar la homilía a partir del comentario de los textos litúrgicos (bíblicos y eucológicos). Los sacerdotes, religiosos y peregrinos podrán volver a contemplar el Misterio de Cristo en el curso del año litúrgico, en la meditación y oración personal. El Misal oficial de la Custodia de Tierra Santa, objeto del comentario, presenta los santuarios de Galilea, Judea, Monte Nebo, Damasco y Egipto. Cada santuario tiene uno o varios formularios de Misa; cada formulario se explica siguiendo tres pasos. 1. Se da una breve nota histórica relativa a los lugares (título, mención bíblica, testimonio en los documentos antiguos y, más tarde, los libros de la Custodia de Tierra Santa). 2. Indicación de la proveniencia de los formularios (lecturas y oraciones) y citas de las lecturas bíblicas con su título correspondiente. 3. Por último se hace el comentario bíblico y litúrgico de los textos: Objeto de la anámnesis según los textos bíblicos y Aspectos teológicos y pastorales según la eucología. Ambos aspectos se relacionan entre sí. El cuerpo del libro es precedido por un estudio histórico del «Misal votivo» de la Custodia de Tierra Santa, y un segundo estudio teológico de lo que significa y es en realidad la celebración del Misterio de Cristo en los Santos Lugares.

The Creation of Modern Buenos Aires Joel Horowitz,2025-11-11 Horowitz's acclaimed study examines the role of civic associations in the creation of Buenos Aires' social world in the early twentieth century, especially the part they played in the development of the sense of barrio. The Creation of Modern Buenos Aires examines the impact of civic associations on the culture and the society of Buenos Aires and their ties to politics in the first decades of the twentieth century. The period saw the emergence of the modern political system with true appeals to the voters, tremendous urban growth, and the solidification of a barrio identity. Historian Joel Horowitz examines four types of organizations: football clubs, bibliotecas populares (popular libraries), sociedades de fomento (development societies that pushed for barrio improvements), and universidades populares (popular universities that provided practical training beyond the primary school level). All four types became important social centers and were connected to the political world. The book focuses on the period from the passage

of a voting reform law in 1912, which made male-citizen voting obligatory and fraud more difficult, to the military coup of 1943. The book shows how civic associations helped create the social world of the city, focusing especially on the part they played in the development of the sense of barrio. It demonstrates how civic associations became vital links in the system of politics that emerged, creating spaces for politicians to build connections to different communities.
