Women in Media Careers Lee Bollinger, Carole O'Neill, 2008-08-22 *Women in Media Careers* takes an in-depth look at women's careers in mass media by outlining job descriptions and providing insider tips on how to begin a career. By investigating positions held by women in top media-owning conglomerates, authors Lee Bollinger and Carole O'Neill assert that while women in the media still struggle against the impenetrable glass ceiling, vibrant changes in the industry have left that ceiling more permeable than ever. Women are inching their way into the executive positions at top media conglomerates making them major power players in the industry. After comparing employment data from the Bureau of Labor Statistics, the Equal Employment Opportunity Commission, and the top Fortune 500 media companies, Bollinger and O'Neill emphasize that despite the great odds set against women, they are succeeding in blazing a career path in mass media. Also discussed are the extraordinary women of the media industry who have gone beyond all boundaries and have succeeded in multiple genres of media or entertainment. Informative and inspiring, Bollinger and O'Neill's encouraging book offers women a reliable resource on the career opportunities in the mass media industry and how they can succeed in securing a position at the top.

Mizoguchi and Japan Mark Le Fanu,2019-07-25 For a majority of filmgoers, the names most usually associated with classic Japanese cinema are those of Kurosawa and Ozu. Yet during the early 1950s, at the same time that Kurosawa was becoming known to the public through the release of classics like *Rashomon* and *The Seven Samurai*, another Japanese director, Kenji Mizoguchi, quietly came out with a trilogy of films - *The Life of Oharu*, *Ugetsu Monogatari* and *Sansho the Bailiff* - that are the equal of Kurosawa's in mastery, and which by any account rank among the greatest and most enduring masterpieces of world cinema. As a storyteller, Mizoguchi was drawn to the plight and oppression of women throughout the ages - it was, for him, the 'subject of subjects'. So in addition to the movies just mentioned, he is remembered for a string of masterly contemporary films that examined, with unprecedented candour and ferocity, the conditions of life in Japanese brothels and geisha houses. Yet, as well as being a moralist. Mizoguchi was a stylist. His films are considered by critics to be among the most beautiful ever made, from a purely pictorial point of view. Filmgoers who have responded enthusiastically in recent years to Chinese classics like *Farewell My Concubine* or to the colourful works of Zhang Yimou will be delighted to discover 'pre-echoes' of this cinema in such late films by this Japanese master as *The Empress Yang Kwei Fei* and *Tales of the Taira Clan* (both released in 1955) works in which colour, costume and decor are deployed with compelling refinement. Despite his extraordinary qualities as a film-maker, *Mizoguchi and Japan* is the first full -length study in English for over 20 years of a director whose work is as vibrant now as it ever was in its heyday, and whom the French film review *Cahiers du Cinema* recently hailed 'the greatest of all cineastes.'
