Theater of a Thousand Wonders William B. Taylor,2016-10-03 The great many shrines of New Spain have become long-lived sites of shared devotion and contestation across social groups. They have provided a lasting sense of enchantment, of divine immanence in the present, and a hunger for epiphanies in daily life. This is a story of consolidation and growth during the seventeenth and eighteenth centuries, rather than one of rise and decline in the face of early stages of modernization. Based on research in a wide array of manuscript and printed primary sources, and informed by recent scholarship in art history, religious studies, anthropology, and history, this is the first comprehensive study of shrines and miraculous images in any part of early modern Latin America.

Los derechos del imputado y de la víctima de un delito Bernardino Esparza Martínez,2020 Con la reforma constitucional en procuración y administración de justicia de 2008, así como la reforma en materia de derechos humanos de 2011 se estructuró un nuevo sistema de derechos constitucionales para los intervinientes en el proceso penal. Esto genera nacientes cuestionamientos en torno al sistema ¿cómo se aplican los derechos del imputado y de la víctima? ¿Qué instrumentos jurídicos existen para garantizarlos? En este libro, Bernardino Esparza Martínez presenta un panorama de los distintos derechos constitucionales, advierte cómo han ido evolucionando, cómo se conciben en la actualidad y qué hace falta para fortalecerlos. El lector tiene en sus manos un texto de consulta fundamental para el entendimiento de uno de los ejes rectores del sistema constitucional penal: los derechos de los imputados y de la víctima del delito.

Testimonios históricos guadalupanos Ernesto de la Torre Villar,Ramiro Navarro de Anda,1982 Reunión de todo género de disquisiciones, diatribas, recreaciones poéticas y tratados preceptivos: desde el Pregón del atabal, poema en náhuatl, hasta las últimas muestras del llamado fenómeno guadalupano. Además, toda una pléyade de brillantes teólogos, publicistas e historiadores dejan testimonio de la ardua labor de elucidar lo que Francisco de la Maza llamó el espejo de la conciencia nacional.
