Dungeons & Dragons Lore & Legends Michael Witwer, Kyle Newman, Jon Peterson, Sam Witwer, Official Dungeons & Dragons Licensed, 2023-10-03 An illustrated guide to Dungeons & Dragons' beloved fifth edition told through interviews, artwork, and visual ephemera from the designers, storytellers, and artists who bring it to life. When the reimagined fifth edition of Dungeons & Dragons debuted in the summer of 2014, the game was on the brink of obsolescence. But within a few short years, D&D found greater success than it had ever enjoyed before, even surpassing its 1980s golden age. How did an analog game nearly a half century old become a star in a digital world? For the first time, Lore & Legends reveals the incredible ongoing story of Dungeons & Dragons fifth edition from the perspective of the designers, artists, and players who bring it to life. This comprehensive visual guide illuminates contemporary D&D—its development, evolution, cultural relevance, and popularity—through exclusive interviews and more than 900 pieces of artwork, photography, and advertising curated and analyzed by the authors of the bestselling and Hugo Award-nominated Dungeons & Dragons Art & Arcana.

Literature on Adam and Eve Gary Alan Anderson, Michael Edward Stone, Johannes Tromp, 2000-01-01 This volume is a collection of articles by some of the foremost scholars in the field, dealing with the rich variety of Adam and Eve-traditions, from The Life of Adam and Eve onwards to late medieval writings in Armenian.

Exploring Children's Literature Nikki Gamble, Sally Yates, 2008-02-20 This book is based on the belief that deep subject knowledge of language and literature provides a foundation for effective teaching and learning. It provides a comprehensive guide to the range of genres and characteristic features of English language fiction written for children. It will help readers to: o develop their understanding of literature within social, cultural and political reading practices o extend their knowledge of language features and conventions of different genres o develop skills in analytical and critical reading. The scope of the first edition has been expanded from solely fiction to cover a range of contemporary literature, including poetry, plays and picture books. The case study material, investigative activities and practical exercises promote an active

approach to learning. The second edition focuses on a range of fiction relevant to the National Curriculum for England and the National Literacy Strategy. It provides examples from a range of world literature written in English. Examples from work in translation are also included. It also addresses the requirements of the primary curriculum for ITT English. This book is essential reading for student teachers on PGCE, and undergraduate teacher education courses, and for teachers undertaking CPD in English, literacy or children's literature. It provides useful support material for language coordinators, SCITT coordinators and literacy consultants.
