30 Day Journal & Tracker Health Formation, 2020-01-06 After relentlessly studying the teachings of legendary healers, such as Dr Arnold Ehret and Dr Robert Morse, we set out on a journey of healing ourselves and reversing our very own conditions. Within our group, we were suffering from a range of diverse diseases and conditions, including Heart Disease, Kidney Disease, Diabetes, a variety of Autoimmune Diseases and Leaky Gut. During our healing journeys, we formed a journal that we would use on a daily basis, and this helped us to incorporate all of the lessons and tips that we had learnt and refined along the way - in short, it acted as a check list. It was important to us to not miss out on any knowledge and practices that had served us well. This journal is designed to guide and support you through your own journey with the core healing protocols included within its theme. One of the key conclusions that we reached through our individual journeys was that whether you are a sufferer of Erosive Pustular Dermatitis of the Scalp, or any other condition, the same protocol that we used applies. However, dependant on the severity of your Erosive Pustular Dermatitis of the Scalp, you may need to follow the protocols for longer, using specific herbs in order to achieve positive results, but you can make your own adjustments as you learn more. The great news is that all information and resources are readily available for personal study and application. Dr Arnold Ehret's books can be downloaded freely if you search for arnold ehret books pdf. Visit rawfigs.com for Dr Robert Morse videos which can be searched through by keywords via the search bar. With this journal and your newly acquired knowledge, we trust that you will also soon start to experience the positive results that we did, along with the many others that send us regular positive feedback. We wish you all the best. The Health Formation Team
