

Selected Ambient Works Volume II

David Roberts

Aphex Twin's Selected Ambient Works Volume II Marc Weidenbaum, 2014-02-13 Extravagantly opaque, willfully vaporous - Aphex Twin's Selected Ambient Works Volume II, released by the estimable British label Warp Records in 1994, rejuvenated ambient music for the Internet Age that was just dawning. In the United States, it was Richard D. James's first full length on Sire Records (home to Madonna and Depeche Mode) under the moniker Aphex Twin; Sire helped usher him in as a major force in music, electronic or otherwise. Faithful to Brian Eno's definition of ambient music, Selected Ambient Works Volume II was intentionally functional: it furnished chill out rooms, the sanctuaries amid intense raves. Choreographers and film directors began to employ it to their own ends, and in the intervening decades this background music came to the fore, adapted by classical composers who reverse-engineered its fragile textures for performance on acoustic instruments. Simultaneously, "ambient" has moved from esoteric sound art to central tenet of online culture. This book contends that despite a reputation for being beatless, the album exudes percussive curiosity, providing a sonic metaphor for our technologically mediated era of countless synchronized nanosecond metronomes.

Aphex Twin's Selected Ambient Works Volume II Marc Weidenbaum, 2014-02-13 Extravagantly opaque, willfully vaporous - Aphex Twin's Selected Ambient Works Volume II, released by the estimable British label Warp Records in 1994, rejuvenated ambient music for the Internet Age that was just dawning. In the United States, it was Richard D. James's first full length on Sire Records (home to Madonna and Depeche Mode) under the moniker Aphex Twin; Sire helped usher him in as a major force in music, electronic or otherwise. Faithful to Brian Eno's definition of ambient music, Selected Ambient Works Volume II was intentionally functional: it furnished chill out rooms, the sanctuaries amid intense raves. Choreographers and film directors began to employ it to their own ends, and in the intervening decades this background music came to the fore, adapted by classical composers who reverse-engineered its fragile textures for performance on acoustic instruments. Simultaneously, ambient†? has moved from esoteric sound art to central tenet of online culture. This book contends that despite a reputation for being beatless, the album exudes percussive curiosity, providing a sonic metaphor for our technologically mediated era of countless synchronized nanosecond metronomes.

Rebel Musics, Volume 2 Fischlin Daniel Fischlin, 2020-02-10 When it was first published in 2003, Rebel Musics sought to

explore how musical activism resonates as resistance to the dominant culture, and how political action through music increases the potential for people to determine their own fate. If anything, these issues seem to be even more pressing today. Rebel Musics offers a fascinating journey into a rich, complex world where music and politics unite, and where rebel musicians are mobilizing for political change, resistance, and social justice. Daniel Fischlin and Ajay Heble cover a wide range of artists, genres, and topics, including Thomas Mapfumo, Bob Marley, William Parker, Frank Zappa, Edgard Varese, Ice-T, American blues, West African drumming, hip hop, gospel, rock'n'roll cabaret, Paul Robeson, and free jazz. This book shows how rebel music is at the heart of some of the most incisive critiques of global politics. With explosive lyrics and driving rhythms, rebel musicians are helping to mobilize movements for political change and social justice, at home and around the world. In celebration of the 50th anniversary of Black Rose Books, this revised and expanded edition of Rebel Musics will include all the original essays, as well as a new contribution by the editors. Rounding out the new edition will be several new pieces from artists and scholars that will continue to spark debate about these vital topics in compelling ways.

Selected Ambient Works Marc Weidenbaum, 2016 Extravagantly opaque, willfully vaporous - Aphex Twin's *Selected Ambient Works Volume II*, released by the estimable British label Warp Records in 1994, rejuvenated ambient music for the Internet Age that was just dawning. In the United States, it was Richard D. James's first full length on Sire Records (home to Madonna and Depeche Mode) under the moniker Aphex Twin; Sire helped usher him in as a major force in music, electronic or otherwise. Faithful to Brian Eno's definition of ambient music, *Selected Ambient Works Volume II* was intentionally functional: it furnished chill out rooms, the sanctuaries amid intense raves. Choreographers and film directors began to employ it to their own ends, and in the intervening decades this background music came to the fore, adapted by classical composers who reverse-engineered its fragile textures for performance on acoustic instruments. Simultaneously, has moved from esoteric sound art to central tenet of online culture. This book contends that despite a reputation for being beatless, the album exudes percussive curiosity, providing a sonic metaphor for our technologically mediated era of countless synchronized nanosecond metronomes.--Bloomsbury Publishing.

SPIN, 1999-09 From the concert stage to the dressing room, from the recording studio to the digital realm, SPIN surveys the modern musical landscape and the culture around it with authoritative reporting, provocative interviews, and a discerning critical ear. With dynamic photography, bold graphic design, and informed irreverence, the pages of SPIN pulsate with the energy of today's most innovative sounds. Whether covering what's new or what's next, SPIN is your monthly VIP pass to all that rocks.

Energy Flash Simon Reynolds, 2012-03-01 Ecstasy did for house music what LSD did for psychedelic rock. Now, in *Energy Flash*, journalist Simon Reynolds offers a revved-up and passionate inside chronicle of how MDMA ("ecstasy") and MIDI (the basis for electronica) together spawned the unique rave culture of the 1990s. England, Germany, and Holland

began tinkering with imported Detroit techno and Chicago house music in the late 1980s, and when ecstasy was added to the mix in British clubs, a new music subculture was born. A longtime writer on the music beat, Reynolds started watching—and partaking in—the rave scene early on, observing firsthand ecstasy’s sense-heightening and serotonin-surging effects on the music and the scene. In telling the story, Reynolds goes way beyond straight music history, mixing social history, interviews with participants and scene-makers, and his own analysis of the sounds with the names of key places, tracks, groups, scenes, and artists. He delves deep into the panoply of rave-worthy drugs and proper rave attitude and etiquette, exposing a nuanced musical phenomenon. Read on, and learn why nitrous oxide is called “hippy crack.”

Selected Ambient Works Aphex Twin, 1994

The Trouser Press Guide to '90s Rock Ira A. Robbins, 1997 All new and bigger than ever, The Trouser Press Guide to '90s Rock definitively covers 2,300 of this decade's most innovative and influential artists, reviewing 8,500 records - insanely obscure and familiar alike - from all over the world. Each insightful entry contains pungent critical analysis, biographical information and a complete album discography.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. Complete UK Hit Albums 1956-2005 Graham Betts, 2005 The most complete guide to every artist and album that has ever charted in the UK Album chart, with details on over 14,800 albums and biographies on every one of the 3,180 acts that have appeared since the chart first started in 1958. From a Top Ten in 1958, the album chart has grown in both size and stature over the years. Increased to a Top Twenty in 1960, the chart grew to a Top 30 by 1966, a Top 40 later that year, a Top 50 in 1971, a Top 75 in 1978 and a Top 100 in 1981. By 1989, when compilation albums and soundtracks were a major factor in the chart, a decision was taken to produce two charts; a Top 75 artist chart and a Top 20 compilation chart. Every single entry on all these charts is included in Collins Complete UK Hit Albums. 3,180 acts have registered just over 11,300 hit albums; also listed are the approximately 3,500 soundtracks and compilation albums that have also hit the charts. Hit Singles: a brief biography of each of the 3,180 or so artists who have had hit albums, details of BPI awards, Platinum Europe awards and RIAA Diamond awards and details of BRIT, Grammy awards and US Number Ones. Just as with the single chart, the album chart is not without its peculiarities and so you will learn of the album that took nearly four years to hit the number one spot, the album by Sigur Ros that had no title as opposed to that by Fiona Apple which registered the longest title (all 89 words), the artists whose chart career consists of a single week at position 100 as opposed to Fleetwood Mac's Rumours which has spent 477 weeks on the chart, including one week at number one.

MONDO 2000 , 1994

Contemporary Musicians Bourgoïn, 1995-05 Provides comprehensive information on musicians and groups from around the world. Entries include a detailed biographical essay, selected discographies, contact information, and a list of sources.

The Encyclopedia of Popular Music Colin Larkin,2006 Rev. ed. of: The Guinness encyclopedia of popular music. 2nd ed. 1995.

Schwann Spectrum ,1996

British Hit Singles and Albums David Roberts,2004 The annual bible of pop is back with the most comprehensive edition yet combining British hit singles and British hit albums in one volume. The UK's oldest and biggest-selling music annual contains all 39,000 hit singles and albums from more than 50 years of the charts. All this plus act biographies, a song title index and more than 50 illustrated features make it the perfect book for pop quizzers, record collectors, DJs, downloaders and music fans of all ages.

Option ,1994

The Great Rock Discography Martin Charles Strong,1994

British Hit Singles & Albums David Roberts,2006 This reference guide to both singles and albums in the UK pop charts lists titles, artists, labels, catalogue numbers, highest positions attained, number of weeks on chart and US no.1 information, as well as selected biographies and pop news.

We are All Normal (and We Want Our Freedom) Katya Sander,Simon Sheikh,2001 'We are all normal (and we want our freedom)' is a collection of contemporary Nordic artists' writings. At once a mapping of, and an introduction to, contemporary artistic practice in the Nordic region, 'We are all normal' also indicates the historical precedents and traditions informing this work. The purpose of this book is two-fold : to focus on thematics and thinking that have been present in the region, but also internationally, from an artistic rather than art historical point of view, and to use art writing instrumentally, as well as allegorically, to discuss the politics and subjectivities of contemporary Nordic, Post Cold War and possibly even, Post Welfare, society. If there is one particular notion seemingly prevalent in the Nordic region, it could be referred to as 'the confluence of welfare and freedom.' Where do you find your freedom(s) and how, be it in the wilds, within a specific notion of society, or internalised in the individual subject and his or her organising of social surroundings? Since World War II, the Nordic countries have not only epitomised welfare, freedom, democracy and peace on the world stage, but within this region, as in the rest of the West, the role of the artist has signified the ultimate free man. In this context, 'We are all normal' sets out to explore a wide range of issues relevant to contemporary art and society, from the 'Care of self' to the 'Politics of pop.'-- Back cover.

Selected Ambient Works Volume II Book Review: Unveiling the Power of Words

In some sort of driven by information and connectivity, the power of words has become more evident than ever. They have the ability to inspire, provoke, and ignite change. Such is the essence of the book **Selected Ambient Works Volume II**, a literary masterpiece that delves deep in to the significance of words and their impact on our lives.
