

There Are Other Worlds Than These

**Edward Jewitt Wheeler, Isaac Kaufman Funk, William Seaver Woods, Arthur Stimson
Draper, Wilfred John Funk**

Other Worlds Than These John Joseph Adams, 2012-07-01 What if you could not only travel any location in the world, but to any possible world? We can all imagine such "other worlds"--be they worlds just slightly different than our own or worlds full of magic and wonder--but it is only in fiction that we can travel to them. From The Wizard of Oz to The Dark Tower, from Philip Pullman's The Golden Compass to C. S. Lewis's The Chronicles of Narnia, there is a rich tradition of this kind of fiction, but never before have the best parallel world stories and portal fantasies been collected in a single volume--until now.

Where All Light is Left to Die Robert S. Wilson, 2014-09-23 When those with a special gift can catch your soul in that dark realm between here and hereafter and bring you back to life, who will save us all from the jealous void? Lurking between the crowds of men and women, there are those among us who feed on something other than plants and animals. Predators with a unique kind of prey. Predators of those who prey on women and children... Predators with a taste for justice. James Benton might be the last man on earth. Racing to get to work, he finds random abandoned cars, smoldering pile-ups, and something even stranger. Everywhere he goes there's no grass, no people, not even a bird in the sky. Alone in a barren world, James travels west in search of someone, anyone who might have survived The Quiet. When Art Gibson's collie, Ginger, goes out of control, barking and digging at Dead Man's Hill, Art makes a chilling discovery: someone is trapped inside. Alive. Once rescued, the man himself is even stranger. Naked and unable to speak, he is taken to the hospital. As he recovers from an unknown shock, the fate of an entire universe is at stake. Thirteen tales in all. Awakened from the mind of Robert S. Wilson. Ripped from their slumber and stretched across the fabric of space and time, silently screaming into the farthest reaches of the cold dead void... where all light is left to die.
