*Under the Canopy* Charles E. Cravey, 2023-11-28 A logger, a farmer's wife, two church painters, and two funeral directors find their paths merging at the crossroads of life. A young man learning lessons from the School of Hard Knocks, a man encountering his long-deceased father's friend while getting a haircut, and Forrest Gump's question to his mother - "What's my destiny?" - are all examined in this work. They all tell their stories through the eyes and ears of a seasoned reporter, preacher, and philosopher. Take a journey through the eye of a needle and witness the pain, anguish, agony, and joys of life through the eyes of someone who has made such a trip and survived to tell his story. *Under the Canopy* is a series of short stories, personal events, muses and memories, religion, and philosophy that provides a glimpse into the extraordinary calamities and celebrations of ordinary and mundane lives.

**When a Butterfly Speaks . . . Whispered Life Lessons** Barbara J. Hacking, 2018-09-30 This book contains true stories of magical Monarch moments which blend science and spirituality. After winning a journal as a door prize on the anniversary of her father's passing, the life lessons Barb has learned from her Monarch connection flowed onto the pages. It was as if a butterfly was sitting on her shoulder whispering the words of wisdom that needed to be shared with the world.

**The Silent Reality** Chance Hansen, 2011-10-28 This is not a book of entertainment but of thought. My goal is to bring many people's silent reality out into the open to help alleviate some of the world's hardships on their shoulders. Some of the stories and poems may have created a heavy heart within you, but they are written, to be taken as an example of hardships, and to be used for your advantage, understanding, realization, and to bring a new perspective in the lives people live every day. This is a book to enlighten your heart with words of understanding and wisdom. I hope I am able to lift your spirits, open your eyes, and help you become aware of the surrounding world. I will end in wishing you strength and encouragement through life's trials.

**Glocalising Teaching English as an International Language** Marcus Callies, Stefanie Hehner, Philipp Meer, Michael Westphal, 2021-12-19 The worldwide spread, diversification, and globalization of the English language in the course of the twentieth and early twenty-first centuries has significant implications for English Language Teaching and teacher education. We are currently witnessing a paradigm shift towards Teaching English as an International Language (TEIL) that aims to promote multilingualism and awareness of the diversity of Englishes, increase exposure to this diversity, embrace multiculturalism, and foster cross-cultural awareness. Numerous initiatives that embrace TEIL can be observed around the world, but ELT and teacher education in Germany (and other European countries) appear to be largely unaffected by this development, with standard British and American English and the monolingual native speaker (including the corresponding cultural norms) still being very much at the center of attention. The present volume addresses this gap and is the first of its kind to showcase recent initiatives that aim at introducing TEIL into ELT and teacher education in Germany, but which have applicability and impact for other countries with comparable education systems and 'traditional' ELT practices in the Expanding Circle. The chapters in this book provide a balanced mix of conceptual, empirical, and practical studies and offer the perspectives of the many stakeholders involved in various settings of English language education whose voices have not often been heard, i.e., students, university lecturers, trainee teachers, teacher educators, and in-service teachers. It therefore adds significantly to the limited amount of previous work on TEIL in Germany and bridges the gap between theory and practice that will not only be relevant for researchers, educators, and practitioners in English language education in Germany but other educational settings that are still unaffected by the shift towards TEIL.

*Beautiful & Battered* Orkidedatter, 2021-12-01 From the north a butterfly in winter land under the Polar star in the elongated small country -Norway- If you listen carefully you can hear her wing stroke rises from a descending black star from a nightmare visions flash down below the abyss. Breaks through the chains from a cage of another day healing subconsciously a picture of pain. Bleeding memories and a battered country girl, but beautiful as the midnight sun. Strong as the Northern Lights dances on the black canvas of the sky. She colors her soul's landscape of a ruin to an architectural masterpiece.

**Positive Words, Positive Vibes** Shannon Schroth, 2022-09-02 Positive Words, Positive Vibes By: Shannon Schroth For all those people in the world who need positivity, Positive Words, Positive Vibes is a book that provides positive memes throughout for reference / inspiration. The book opens with an easy read, big-picture overview of understanding that the mind is a powerful tool feeding the body, soul, spirit, and environment, affecting perception, behaviors, thoughts, communication, interactions, and the affect one's environment can have on the person. It moves on to show how positivity can make life simpler and happier for people, effectively bringing out their best selves. People are uniquely remarkable in all their imperfectly wonderful sexy selves. The struggle is real! Life and the people in it are imperfectly perfect and they do not

even realize it. The constant bombardment of negativity spreading in this world and challenges of COVID-19 makes it difficult to find positivity in this ever-increasing world of change. The author hopes readers learn they are not alone. When they are feeling like they are struggling, they are really headed somewhere better. Let's hope they take away a better outlook, mindfulness, and positivity.

Poster Girl Veronica Roth,2022-10-18 "Poster Girl is a captivating story full of twists and turns—and no easy answers. I couldn't put this book down. —Karin Slaughter, New York Times bestselling author of Girl, Forgotten From #1 New York Times bestselling author Veronica Roth, a dystopian novel set in a surveillance state about one woman's desperate search for a missing girl...and the dark family secrets she uncovers along the way. Sonya Kantor is paying for her parents' sins. Once the privileged daughter of a powerful regime, Sonya is now fighting for scraps in the Aperture, an unconventional prison for members of the now-collapsed Delegation. Sonya has no hope of clemency. She was the regime's former poster girl and the new government had to make an example of her. But when Alexander Price, the brother of her now-dead fiancé's, appears and offers to broker a deal for her freedom, she allows herself to imagine life outside the Aperture. Her deep knowledge of the Delegation and her father's dark dealings could be the key to finding a missing girl named Grace. Find Grace, gain freedom. The path to find Grace leads Sonya through an unfamiliar post-Delegation city with echoes of her former life at every turn. She meets Knox, a reclusive tech genius, and Naomi Proctor, Delegation scientist who reveals their most terrifying secret. Faced with open hostility and no resources, it's clear to Sonya this is a task she's meant to fail...unless she can face her unsavory past. Poster Girl is a haunting dystopian mystery that confronts the consequence of choice...even when those choices aren't your own.
