

Daddy Sylvia Plath Meaning

Harold Bloom, Sterling Professor of Humanities Harold Bloom

Decoding Sylvia Plath's Daddy Julia Gordon-Bramer, 2017-09 Not your average literary criticism, *Decoding Sylvia Plath's Daddy* talks you through complex information in a lively, conversational way. Revised and expanded from the *Fixed Stars Govern a Life: Decoding Sylvia Plath system* (2014, Stephen F. Austin State University Press), *Decoding Sylvia Plath's Daddy* is an affordable, concise, comprehensive analysis of Plath's poem *Daddy*, written in a playful spirit that brings Plath out of the ashes of mere depressive autobiography and into the fascinating world of mysticism-in which Plath and her husband Ted Hughes had an intense interest. See what the academics have missed for over 50 years. Explore Plath's *Daddy* and how it perfectly aligns to reflect the mirrors of tarot and Qabalah, alchemy, mythology, history and the world, astrology and astronomy, and the arts and humanities. Gordon-Bramer surprises us with startling new insights and connections that, once seen, simply cannot be denied. She builds a strong case that we have yet to recognize Plath for her real genius and that Plath remains as relevant as ever. Back cover text: *Daddy* Not your average everyday Electra complex... You do not do Sylvia Plath studies without her bedazzling poem *Daddy*. But do you get it? ...beyond the drama of anger and attraction from a daughter and wife? Fans: Discover the parallel themes of Sigmund Freud, King Brutus, the London Stone, and other exciting facts within *Daddy* that scholars have missed for over 50 years Poets & Writers: Judge for yourself how *Daddy* includes themes of Conrad's *Heart of Darkness*, Joyce's *Finnegans Wake*, and other literary works Students: Understand all themes and meanings beyond the superficial; learn why Plath used derogatory names and racism in *Daddy*, and enlighten your classmates to her higher goals Teachers: Save time with a complete class plan, discussion questions and more *Decoding Sylvia Plath's Daddy* is the first of a series of *Decoding* books presenting Plath in compelling, original context, interpreted by the *Fixed Stars Govern a Life: Decoding Sylvia Plath system*, by author Julia Gordon-Bramer. What readers are saying about *Decoding Sylvia Plath's Daddy* I am fascinated and intrigued by Julia Gordon-Bramer's wildly and dizzyingly original readings of Sylvia Plath's poems. Not only does she make me realize that I need to go back and read the poems again, she comes pretty close to convincing me that I have really never read them at all. -Troy Jollimore, National Book Critics Circle Award for Poetry, Guggenheim Fellowship for Creative Arts Recipient Julia Gordon-Bramer's *Decoding Sylvia Plath's 'Daddy'* presents the iconic poet in full three-dimensional view. Or six-dimensional, if you prefer. This Sylvia Plath is far more than the depressive, suicidal drama queen and father-hater depicted in easier accounts of the poet's life. Plath emerges as the

genius's genius. Ms. Bramer's tone adds enjoyment to her already rigorous and penetrating work. -Robert Nazarene, founding editor, *The American Journal of Poetry* This is a friendly, conversational approach so that students won't feel overwhelmed, and it talks about topics that other guides don't, allowing students to make original, insightful commentary on the work. The study guide is a worthwhile, useful investment for students. -Cathleen Allyn Conway, editor, *Plath Profiles: An Interdisciplinary Journal for Plath Studies* 101 pages Author Julia Gordon-Bramer is a cross between Gregg Braden, who brings spirituality to science, and Jen Sincero, who brings spirituality to being a Badass. With personality, clarity, and wit, this author, poet, scholar, professor and professional tarot card reader has spent the last decade interpreting Sylvia Plath's

Interpreting Meat Teddy Duncan, Jr., 2024-12-27 Meat is the essential object dislodged in human-animal relations: in its commonplace, everyday ubiquity and distanced violence, it defies the innocuous or protective-paternalistic stance that we ordinarily take towards animals. Through looking at meat's status as a fundamental and visceral part of human-animal relations--particularly its commodification and consumption--this book exhibits how animals fit into human discursive practices and how this discursive position determines our perspective of animals and, subsequently, our treatment of them. Modernity is a distinct stage of meat production and accordingly, the meat-commodity must be examined in all its contemporary specificity as an economic, linguistic, philosophical, psychoanalytic, and material object. Using theoretical prisms that have been largely overlooked in animal studies, such as Marxian analysis and Lacanian-Žižekian psychoanalysis, and rejecting popular approaches, such as analogical thinking and effacement of human-animal difference, this book offers new insights into the meat-commodity--and new ways to orient ourselves towards animal life and death.

Sylvia Plath Harold Bloom, Sterling Professor of Humanities Harold Bloom, 2007 A collection of essays on poet Sylvia Plath's life and work.

The Holocaust of Texts Amy Hungerford, 2003-01-15 Examines the implications of conflating texts with people in a broad range of texts: Art Spiegelman's *Maus*, Ray Bradbury's *Fahrenheit 451*, the poetry of Sylvia Plath, Benjamin Wilkomirski's fake Holocaust memoir *Fragments*, and the fiction of Saul Bellow, Philip Roth, and Don DeLillo.--Jacket.

Modern Criticism and Theory Nigel Wood, David Lodge, 2014-06-11 This third edition of *Modern Criticism and Theory* represents a major expansion on its previous incarnations with some twenty five new pieces or essays included. This expansion has two principal purposes. Firstly, in keeping with the collection's aim to reflect contemporary preoccupations, the reader has expanded forward to include such newly emergent considerations as ecocriticism and post-theory. Secondly, with the aim of presenting as broad an account of modern theory as possible, the reader expands backwards to take in exemplary pieces by formative writers and thinkers of the late nineteenth and early twentieth centuries such as Marx, Freud and Virginia Woolf.. This radical expansion of content is prefaced by a wide-ranging introduction, which provides a rationale for the collection and demonstrates how connections can be made between competing theories and critical schools. The

purpose of the collection remains that of introducing the reader to the guiding concepts of contemporary literary and cultural debate. It does so by presenting substantial extracts from seminal thinkers and surrounding them with the contextual materials necessary to a full understanding. Each selection has a headnote, which gives biographical details of the author and provides suggestions for further reading, and footnotes that help explain difficult references. The collection is ordered both historically and thematically and readers are encouraged to draw for themselves connections between essays and theories. *Modern Criticism and Theory* has long been regarded as a necessary collection. Now revised for the twenty first century it goes further and provides students and the general reader with a wide-ranging survey of the complex landscape of modern theory and a critical assessment of the way we think – and live – in the world today.

How to Read (and Write About) Poetry - Second Edition Susan Holbrook, 2021-10-08 *How to Read (and Write About) Poetry* invites students and others curious about poetry to join the critical conversation about a genre many find a little mystifying, even intimidating. In an accessible, engaging manner, this book introduces the productive questions, reading strategies, literary terms, and secondary research tips that will empower readers to participate in literary analysis. Holbrook explicates a number of poems, initiating readers into critical discourse while highlighting key poetic terms. The explications are followed by selections of related works, so the book thus offers what amounts to a brief anthology, ideal for a poetry unit or introductory class on poetry and poetics. A chapter on meter illuminates the rhythmic dimension of poetry and guides readers through methods of scansion. The second edition is updated throughout and includes a fresh selection of poems and the latest MLA citation guidance.

Instructor's Manual Harry Finestone, Michael Shugrue, Caroline Shrodes, 2003-05-01

Legacies 2e-Text Infotrac Bogarad, 2001-11

The Haunting of Sylvia Plath Jacqueline Rose, 1993 Since her death in 1963 at the age of thirty, Sylvia Plath has become a strange icon--an object of intense speculation, of fantasy, repulsion, and desire. Few twentieth-century Western writers have inspired such a range of deeply felt responses: not even her tombstone is allowed to rest in peace. Admirers exalt Plath as a priestess of high art in a degenerate culture, or see her work as an indictment of patriarchal society, as she painfully experienced it in her relationships with her family, her analysts, and her husband, poet Ted Hughes. Detractors, however, see Plath as a seductive, destructive death figure whose solipsistic, negative rantings offend conventional mores and values. In both popular and scholarly circles, there seem to be no middle ground. Jacqueline Rose stands back from the debates, and looks instead at the swirl of controversy, recognizing it as a phenomenon in itself--one with much to tell us about how a culture selects and judges writers; how we hear women's voices; and how we receive messages from, to, and about our unconscious selves. Rose frees Plath from the rigid opposition between psychoanalytic and feminist agendas and offers a new way of understanding Plath and ourselves. --jacket.

Sylvia Plath Paul Mitchell,2011 Sylvia Plath es una de las poetas más conocidas y controvertidas del siglo XX. Desde su muerte en 1963, el debate crítico sobre su obra ha sido animado y, en ocasiones, incluso hostil. Esta obra ilustra cómo leer a Plath desde una perspectiva alternativa, utilizando la teoría de Julia Kristeva sobre el lenguaje político, y que permite una apreciación de los poemas que va más allá de lo biográfico al hacer énfasis, en cambio, en los textos; de ese modo, se engrana con la primera persona como una herramienta heurística compleja e inestable. Al explorar los poemas en términos de su trascendencia en lugar de centrarse exclusivamente en su significado explora la manera en la que la obra de Plath produce una crisis de subjetividad oratoria y, a partir de ahí, emerge la naturaleza «revolucionaria» de la voz poética.
