

First Casualty Of War Is The Truth

M Mosston

The First Casualty when War Comes is Truth Jack Higgins (p),1985

The First Casualty Phillip Knightley,2004-10-05 The first casualty when war comes, is truth, said American Senator Hiram Johnson in 1917. In his gripping, now-classic history of war journalism, Phillip Knightley shows just how right Johnson was. From William Howard Russell, who described the appalling conditions of the Crimean War in the Times of London, to the ranks of reporters, photographers, and cameramen who captured the realities of war in Vietnam, *The First Casualty* tells a fascinating story of heroism and collusion, censorship and suppression. Since Vietnam, Knightley reveals, governments have become much more adept at managing the media, as highlighted in chapters on the Falklands War, the Gulf War, and the conflict between NATO and Serbia over Kosovo. And in a new chapter on the post-9/11 wars in Afghanistan and Iraq, Knightley details even greater degrees of government manipulation and media complicity, as evidenced by the embedding of reporters in military units and the uncritical, openly patriotic coverage of these conflicts. The age of the war correspondent as hero, he concludes, appears to be over. Fully updated, *The First Casualty* remains required reading for anyone concerned about freedom of the press, journalistic responsibility, and the nature of modern warfare.

How History Was Used in the Wars of the Twentieth Century Robert J. Norrell,2023-09-25 *How History Was Used in the Wars of the Twentieth Century: Perpetual War for Perpetual Peace* looks at how historical thinking shaped decisions for war and peace in Germany and the United States during the twentieth century. It examines the writing and public careers of the leading historians in each nation. Robert J. Norrell suggests it is useful to analyze where the discipline of history has succeeded and failed to understand war and the many attempts to institute lasting peace. The narrative of this book testifies to the avid commitment of historians, statesmen, and the public to understanding the past and how these lessons and perspectives can influence the present.

The Oxford Dictionary of Proverbs Jennifer Speake,2015 This unique and thoroughly revised collection contains over 1,100 of the most widely used proverbs in English, drawing on the resources of the Oxford Languages team for the most up-to-date research. Lively and compelling, it is filled with favourites - old and new - with a strong emphasis on meanings of proverbs catalogued.

The Mojo Handbook Ivo Burum,2020-09-06 *The Mojo Handbook: Theory to Praxis* offers a detailed and engaging crash

course on how to use mobile tools to create powerful journalistic stories. Drawing on both theoretical underpinnings and practical techniques, the book outlines the fundamentals of mobile journalism methods, by placing mobile storytelling within a wider context of current affairs, documentary filmmaking and public relations. The book offers expert advice for how to use storytelling skills to transform mobile content into engaging and purposeful user-generated stories for audiences. Topics covered include tips for recording dynamic video and clean audio, conducting interviews on your phone and editing and post-production processes, as well as advice on how to handle copyright issues and a primer on journalistic ethics. The book also includes a comprehensive glossary of terms to help students navigate the video production and mobile journalism world. The Mojo Handbook is a valuable resource for aspiring multimedia professionals in journalism, strategic and corporate communication, community and education, as well as anyone looking to incorporate mobile into their visual storytelling tool kit.

The First Casualty Phillip Knightley,2002 The most comprehensive j'accuse of journalism as propaganda in the English language... Ought to be read by every young reporter and by those who retain pride in our craft of truth-telling, not matter how unpopular or unpalatable the truth. -- John Pilger, from the Preface to the new edition The first casualty when war comes, is truth, said American Senator Hiram Johnson in 1917, and in his gripping, now-classic history of war journalism, Phillip Knightley shows just how right Johnson was. From William Howard Russell, who described the appalling conditions of the Crimean War in Times [London], to the ranks of reporters, photographers, and cameramen who captured the realities of war in Vietnam, *The First Casualty* tells a fascinating story of heroism and collusion, censorship and suppression, myth-making and propaganda. Since Vietnam, Knightley finds, governments have become much more adept at managing the media, and in new chapters on the Falklands, the Gulf War, and the former Yugoslavia, he concludes that the war

correspondent's role as a seeker of truth is now in jeopardy. From reviews of the first edition: [This book] may make us all a little more free to talk about and find the truth. -- Garry Wills, New York Times Book Review Disturbing, even dismaying, yet also in its painful way, enormously entertaining. -- New Yorker
