The Complete Guide to Writing a Successful Screenplay Melissa Samaroo, 2015-02-06 This guide outlines time saving tools to hone your writing, so you can attract Hollywood agents and producers. You will discover how to create (and stick to) a timeline and deadline, whether writing your screenplay is a full- or part-time job. Writing and pitching a screenplay is nothing like writing a novel, and this book presents screenplay-specific information vital for any aspiring film writer. This book discusses how to write great openings and endings -- the vital elements of a successful screenplay (and eventually movie) -- and how to create characters that grow and evolve as the plot thickens. One of the hardest parts of writing a screenplay is developing a solid dialogue, and this book takes you through, step-by-step, how to fine-tune your characters' dialogue so it is not only believable but also well-written. Once your script is polished and perfect, you will need to pitch it to the public, and this book shows you how. You will grasp how to write a compelling query letter that is specifically geared to what agents are looking for, so your chances of getting represented are increased. Veteran screenwriters, television and film producers, agents, and directors have been interviewed for this book, and their experiences are showcased here, giving you their insider secrets on how to best write and sell your script. This book also contains an extensive resource section of production companies that are eager to receive and package your script, including the genre they are looking for, so you know exactly who to contact. If you are eager to jump into Hollywood as the next big thing in screenwriting, this guide will help you to get there.

Priestess Itfut Вадим Зеланд, 2020-09-04 Everyone's watching Tufti. Everyone's reading Tufti. Everyone's talking about Tufti. Some shout, "We can't stand Tufti!" Others shout, "We want Tufti!" So who is she Priestess Itfut, who goes by the second name Tufti? Tufti is not a made up character. She used to exist and in some sense she still does. This book describes the amazing adventures of the priestess and her friends in metareality. What happens there is not entirely fiction. Truth be told, it is not fiction at all. The reader will have to decide for themselves how much of it they wish to believe. This book does not promise a magic wand and you will not absorb the superpowers of its fabulous characters by reading it, but you can take Tufti's techniques away with you, as many others have done already.
