**Creative DBT Activities Using Music** Deborah Spiegel,2020-03-19 This book provides clinicians (particularly those specialising in DBT) with music activities and creative ideas to implement with existing practices, to strengthen what clients are being taught in DBT skills groups. These new ideas can be used with clients individually, in groups, or be given as homework. The first part of the book consists of group activities for therapists and group leaders to use. In part two each DBT skill is presented with its own activity, written in with clear step by step instructions. The skills gained will be particularly beneficial for individuals who have difficulty regulating or dealing with their emotions and this guide improves clinicians' confidence and skill in aiding these individuals innumerably.

*Old Town Road* Chris Molanphy,2023-10-06 In *Old Town Road*, Chris Molanphy considers Lil Nas X's debut single as pop artifact, chart phenomenon, and cultural watershed. "Old Town Road" was more than a massive hit, with the most weeks at No. 1 in Billboard Hot 100 history. It is also a prism through which to track the evolution of popular music consumption and the ways race influences how the music industry categorizes songs and artists. By both lionizing and satirizing genre tropes—it's a country song built from an alternative rock sample, a hip-hop song in which nobody raps, a comical song that transcends novelty, and a queer anthem—Lil Nas X troubles the very idea of genre. Ultimately, Molanphy shows how "Old Town Road" channeled decades of Americana to point the way toward our cultural future.
