

Plan De Trabajo Administrador Propiedad Horizontal

Uruguay. Asamblea General. Cámara de Representantes

Procedimientos en la propiedad horizontal Martha Elena Ramírez Castaño, 2017-12-15 La administración de la copropiedad es tal vez una de las tareas de mayor complejidad y responsabilidad en nuestro país y la ocupación que más desgasta también. Para darle acompañamiento a la administración y mitigar el impacto que se cierne sobre él por la enorme responsabilidad frente a la multiplicidad de funciones que le impone la ley, ponemos a su consideración el uso de estos conceptos con los cuales podrán despejar dudas e inspirarse para abrir otras posibilidades de gestión que mejoren la calidad de vida y la protección patrimonial de la comunidad administrada. Este libro es una compilación de datos y resultados tanto positivos como negativos fruto de la experiencia de 20 años de trabajo en el sector más grande de nuestra economía y en el de mayor desarrollo, pero en el que existe mayor informalidad.

Manual administrativo y financiero de la propiedad horizontal - 1ra edición Luiz Eduardo Obando Riascos, 2024-01-01 El presente libro está estructurado como un manual en los ámbitos administrativo, financiero y de control, con el objetivo de mejorar el desempeño operativo de la propiedad horizontal en Colombia, de acuerdo con la Ley 675 de 2001. Manual administrativo y financiero de la propiedad horizontal constituye un trabajo investigativo con énfasis compilativo. Está distribuido en 11 capítulos en los que se complementa la revisión normativa con aspectos históricos contables, actualización en proformas y normatividad contable e incluye conceptos emitidos por el Consejo Técnico de la Contaduría Pública en el tema de Propiedad Horizontal. Dicha visión de conjunto habilita una mirada integral a la P. H. Este texto es una herramienta fundamental para múltiples profesionales (contadores, administradores de empresas, economistas, administradores en finanzas, entre otros); estudiantes de pregrado y posgrado en licenciaturas afines (matemáticas, economía, otras), y particulares que decidan asumir la responsabilidad de direccionar la propiedad horizontal.

Planes de Compliance para Administradores de Fincas y Comunidades de Propietarios Ignacio García Gamarra, Esther García Mansilla, 2021-07-13 El libro que presentan los autores se propone como una ayuda para implantar planes de Compliance, con un claro enfoque empresarial en el sector de las administraciones de fincas y, por extensión, en las comunidades de propietarios. \r\nUn aspecto que aborda es la certificación de los administradores de fincas como compliance officer, lo cual, además de su pertenencia a un colegio profesional, sin duda, la calidad supondrá un valor añadido en su gestión del «día a día» y un notable aumento de su prestigio reputacional. \r\nOtro punto es la certificación de

las comunidades de propietarios en cumplimiento y buen gobierno. De la mano de su administrador, estamos convencidos de que las partes interesadas verán disminuidos los gastos de comunidad y el conflicto de intereses.\r\nPor último, es evidente tanto la sociedad como los copropietarios se beneficiarán aprobando medidas éticas y de buen gobierno que conduzcan a la consecución de Objetivos de Desarrollo Sostenibles (ODS), como demanda social y respaldada por el Tribunal Supremo.\r\nEn definitiva, el libro se convierte en un manual de trabajo en el que se integra el amplio conjunto de cuestiones y problemas relativos al sector y que lo confirman como un referente en Compliance para los administradores de fincas y comunidades de propietarios.

La administración en la propiedad horizontal Omar Javier Solano Rodríguez,2021-08-28 Este libro está diseñado con la finalidad de ayudar a los administradores, asesores de las entidades sometidas al régimen de propiedad horizontal a comprender la importancia que tiene el proceso de planeación como herramienta gerencial, para que desde el consejo de administración y de quien ejerce la representación legal puedan realizar control y anticiparse a previsibles acontecimientos futuros. La administración y la gestión es una función altamente demandada en la actualidad por las copropiedades sometidas al régimen de propiedad horizontal, la cual exige personal idóneo y capacitado que se encargue de planificar, organizar, dirigir y controlar los recursos de las copropiedades. En este libro los lectores podrán encontrar herramientas útiles para una adecuada gestión administrativa, sirviendo además como guía contable y presupuestal para establecer características en la aplicabilidad del nuevo marco normativo contable de las acciones que concurren en la actividad presupuestal. Este texto contribuye al proceso de planeación con un enfoque estratégico y operativo resaltando la relevancia que tiene el perfil del administrador como el encargado de dirigir, gestionar y administrar este tipo de entidades sin ánimo de lucro.

Seguros en la propiedad horizontal - 1ra edición Hernán Mejía Delgado,2011-01-01 Dirigido a las comunidades de copropietarios para crear conciencia de lo vulnerables que somos y lo expuestos que estamos a perderlo todo por una gran diversidad de eventos. Así mismo, nos presenta cómo podemos llegar a asumir grandes pérdidas por responsabilidad civil, robos y daños en maquinarias, entre otros, lo cual se explica en detalle. En la propiedad horizontal el seguro no es una opción sino una obligación, consagrada en la Ley 675 que garantiza la reconstrucción total de los bienes comunes afectados y aclara la contratación en cabeza y responsabilidad del administrador de la persona jurídica. Las recomendaciones que se exponen sobre los planes de prevención, contingencia y recuperación por siniestros, ayudarán a preservar la vida de los propietarios y la integridad de sus bienes. Un programa de prevención y seguros es una necesidad vital y este libro le explica el qué, el por qué, el cómo, el cuándo, el dónde y con quién, exponiendo todo lo relacionado de una manera sencilla, clara y precisa.

Aspectos esenciales de la propiedad horizontal tomo I Claudio Fabian Torres,2021-05-19 Si bien la aparición de la

Propiedad Horizontal constituyó algo realmente novedoso y necesario para la época en que se produjo, el correr del tiempo puso en evidencia la necesidad de hacer cada vez más práctica y más ágil la aplicación de los diversos preceptos de las leyes que al respecto regulan el funcionamiento de tan importante régimen legal, que en nuestro país es una auténtica institución. La Propiedad Horizontal es una variable del Derecho de condominio que se forma a sí misma como una situación muy particular respecto del citado Derecho Real. Por sus características intrínsecas y por la necesaria revisión de algunos de sus aspectos legales, es una de las principales causas de litigios que han llegado hasta los letrados de la justicia. Es por ello que este libro pretende ser una ayuda, tanto para el profesional como para el ciudadano común, para poder establecer parámetros y dar soluciones u orientaciones sobre un tema que afecta a más del 50% de la población total del país.
