Loving Hope Ann Gimpel, 2017-02-27 Hope's had her eye on Charlie for a long time, for all the good it's done her. He's not even aware of her existence—other than as a fellow agent working Black Ops for the CIA. Her friends, Glory, Honor, and Charity, found men to love, so Hope knows it's possible. But the odds aren't in her favor. Not in a world of normal humans where she's a genetically modified aberration. Hell, even she refers to her kind as freaks. What man in his right mind would want one of those in his bed? Charlie swore off women after his last marriage went down in drama-tipped flames fifteen years ago. His first mistress is danger. He fell in love with the adrenaline rush when he signed on as a Navy Seal right out of college, and he never got over the thrill of pitting himself against the impossible. Hope caught his eye the night she escaped her compound, but years of ignoring anything resembling a feeling made it easy to ignore the attraction—until they're paired on a mission. Her intelligence and resourcefulness impress the hell out of him, but her half-naked body, exposed after an animal attack, forces him to face feelings he was certain he'd buried for good. StarChild Jim Styles, 2019-02-17 It's now the year of our Lord, 2915... Human civilization having attained near perfection... and Womankind's very first starship, the S.E.A.S.S. StarChild, is about to disembark on its bachelor voyage to the stars... There it will encounter absolute Hell. A Hell that changed Human herstory for the very worst nearly 7,000 years before-- threatening to do that very same thing YET AGAIN!!! Yet even so StarChild is more than just science fiction, just as much an adventure romance novel set in the future, a strong element of mystery added. Mostly a love story in the truest sense, the main focus of StarChild is on people and the Human element versus mere gadgetry and futuristic jargon. And with its powerful depiction of a better society StarChild could even be looked upon as a mistress blueprint for a much better society than that we know today, hope for a brighter future known as the New Matriarchate--the Tammyite Matriarchate. Depicted in a more intelligent, realistic, sophisticated, and sensitive manner than normally experienced in works of fiction involving matriarchal civilization it is a time in which history has been replaced by herstory delving as well into our past as well as the future.
