The Design of Books Debbie Berne, 2024-03-12 Seasoned designer Debbie Berne presents an accessible introduction to book design for authors, editors, and other book people. Design is central to the appeal, messaging, and usefulness of books, but to most readers, it's mysterious or even invisible. Through interiors as well as covers, designers provide structure and information that shape the meaning and experience of books. In *The Design of Books*, Debbie Berne shines a light on the conventions and processes of her profession, revealing both the aesthetic and market-driven decisions designers consider to make books readable and beautiful. In clear, unstuffy language, Berne reveals how books are put together, with discussions

of production considerations, typography and fonts, page layouts, use of images and color, special issues for ebooks, and the very face of each book: the cover. *The Design of Books* speaks to readers and directly to books' creators—authors, editors, and other publishing professionals—helping them to become more informed partners in the design of their projects. Berne lays out the practical steps at each stage of the design process, providing insight into who does what when and offering advice for authors on how to be effective advocates for their ideas while also letting go and trusting their manuscripts with teams of professionals. She includes guidance as well for self-publishing authors, including where to find a designer, what to expect from that relationship, and how to art direct your own book. Throughout, Berne teaches how understanding the whats, hows, and whys of book design heightens our appreciation of these cherished objects and helps everyone involved in the process to create more functional, desirable, and wonderful books.

Desert by Design James Burke, Molly Mandell, 2025-04-08 *Desert by Design* celebrates the interior worlds that exist in Earth's most arid climes and, more importantly, the creative minds who inhabit them. It is an ode to these landscapes—their sounds, smells, flora, and fauna—filled with equal parts mystery and beauty and a glimpse into the projects and lives of those who have chosen to call them home. Deserts are known to be sensitive ecosystems where adaptability and resilience become common currency, requiring humans to live within the environment rather than apart from it. The result is a people who are inspired by challenge and who constantly create and innovate, a notion that set in for Marfa, Texas-based desert dwellers Molly Mandell and James Burke as they took off on a quest to identify thirty incredible spaces across the globe. By area, deserts make up a third of the planet's landmass, so Mandell and Burke had a lot of ground to cover. They made their way through the southwestern United States, down to Mexico and Argentina, and across the pond to Egypt, Morocco, Jordan, and the Canary Islands. They traveled to Rajasthan, India, and to a micro-desert in New Zealand. They visited high desert and low desert, urban desert and rural desert, sandy desert and scrubby desert. They photographed everything from iconic properties inhabited by Yves Saint Laurent, César Manrique, and Donald Judd to thoughtfully curated, centuries-old adobe structures and modern, groundbreaking ones, all the while interviewing the choreographers, hoteliers, sculptors, environmentalists, chefs, audio engineers, and preservationists who bring them to life. *Desert by Design*—its genuine, beautiful, and unexpected approach—is decidedly not your average interiors book. From tips for cultivating the intimate and unpretentious environment that is synonymous with the desert to images that evoke mindful living, it is both an homage to this unique and dynamic climate—its most extraordinary places and memorable personalities—and a manual for adopting elements of this lifestyle, no matter our location. Yes, this publication is for desert people, those who reside in it or who simply resonate with it. But it likewise exists for all of us who are seeking authentic design inspiration or courage to take the path less traveled, regardless of where we hang our hats.

Spoofing the Vampire Simon Bacon, 2022-10-10 Famous for being deathly serious, the vampire genre has a consistent yet often critically overlooked subgenre--the comedic spoof and satire. This is the first book dedicated entirely to documenting and analyzing the vampire comedy on film and television. Various types of comedy are discussed, outlining the important differences between spoofing, serious-spoofing, parody and satire. Seminal films such as *Abbott and Costello Meet Frankenstein*, *Love at First Bite*, *Vampire in Brooklyn*, *Dracula: Dead and Loving It* and *What We Do In the Shadows* are featured. More importantly, this book demonstrates how comedy is central to both the common perception of the vampire and the genre's ever-evolving character, making it an essential read for those interested in the laughing undead and creatures that guffaw in the night.
