**CL Gary**

*The Great Pyramid Stone Calendar Decoded* AIKAO VIRTAA,2011-09-01 Finally the Sphinx speaks about the Pyramids message secrets. This will permit to everyone who seeks find the answers about the true meaning of human existence. A vision of what might happen after 2012 will be clearly indicated. All this is interwoven in the measures and forms of the Great Pyramid, permitting science and religion get closer together. Convincing arguments will reveal that after all the Great Pyramid is indeed a giant stone book. The reader will have opportunity to evaluate step by step the various evidences, proofs and conclusions, so a full conviction will prevail.

The Incomplete Pyramids Stephen Brabin,2010

Biblical Code Found on the Face of the Great Pyramid Reveals: the Return of Christ in 2040 Gary Brannock,2012-04-24 In Revelation John is given an enigmatic vision which is filled with apocalyptic world events to take place just prior to the return of Christ. Therefore for centuries countless scholars have attempted to interpret the dream and reveal when these future events would come to fruition. But because of its vague and confusing scenarios, they were left perplexed and could only speculate and theorize as to what John was attempting to convey in his prophecy. This writing begins by comparing the stone coffer in the Great Pyramid to the Bibles lost Ark of the Covenant, and in doing so many astounding revelations are brought to light. But when I focus solely on the pyramid itself I stumble across a cryptic clue. And once I unravel its hidden mystery, a 15,000 year old secret is revealed that connects the Great Pyramid to God, the Holy Bible, and Christ, and leads me straight to the book of Revelation in which for the first time ever, Johns vision is revealed. Upon reading this book you will understand that the reason for the ambiguity of Johns vision was because it was not meant to be interpreted until the end of time was at hand. But moreover, you will learn the location of the mysterious city of Babylon; the location of the bottomless pit; when the Antichrist will enter into the world from out of the pit; how and from where he will rise to power; who will crown him as a king; and of his greatest miracle that will deceive many nations into believing he is the risen Christ. But most imperative; you will learn that because Johns vision has been revealed in advance, that at present its a prophecy in the form of a warning, but also, that if this warning is not heeded, it is soon to become one of destiny.

**The Speed of Light in the Great Pyramid** Larry Pahl,2024-11-05 It is certainly an awkward and unusual claim that the numbers which form the speed of light, 299,792,458 (meters per second in a vacuum) can be derived by attention to the

measures of the passages of the Great Pyramid. I can find nowhere in the body of literature on the Great Pyramid, including the writing of those known pejoratively by many Egyptologists as pyramidologists, where this claim is advanced. But this is indeed the claim advanced in this book. This thesis is aided first, by the fact that if the 9 digits in the speed of light in meters per second, 299792458, are divided to form the following five numbers: 29, 97, 92, 45 and 8 then they match the lengths, in meters, of each one of the traditional and well known passages and chambers of the Pyramid. None are left out. And secondly these five numbers follow a rational sequence as they are started in the lowest part of the Pyramid and follow a sequential path upward. While others have posited the finding of the modern speed of light constant in various ways in the Great Pyramid (see the Appendix of the book), this is not what prompted the current inquiry. Science smiles at, but allows, the story of Isaac Newton sitting under an apple tree in his garden at Woolsthorpe Manor and somehow being inspired to theorize about the nature of gravity from the event of an apple falling from that tree. The current inquiry was begun when an engineer, Bob Crielly, an associate of the American Institute for Pyramid Research, had a dream of the Great Pyramid passage lengths producing the numbers found in the speed of light. This was the apple falling from the tree for me. I went to the best measures of the Great Pyramid passages I could find and began to see if the numbers in the speed of light were somehow tucked away in the Great Pyramid passages. This book is the result of that search.

Souls of Distortion Awakening J. Wicherink, 2006-02-17 This book reunites science and spirituality after her roads separated 300 years ago. More and more scientists are discovering that both disciplines are only two sides of the same coin. We are on the verge of a major paradigm change in science where the immaterial subjective world of the mind can no longer be separated from the objective material world. This leap in human consciousness was already foreseen by the ancients and American indigenous people like the Maya, Hopi and Aztecs who prophesized that this transformation of consciousness would take place in our time. This book takes you on a journey from the ancient wisdom to the most modern scientific insights and demonstrates how both can be united.

**Belief in Symbolism** Bébé Gras, 2022-04-25 This a composition on the irony of religion through mathematics and why the world isn't what you are told to believe. Through the use of the Bible and the internet as sources to confirm what you are being told in this book, you will be awakened to the truth. You will find out why Christianity is not what we have been told over the past two thousand years. While this work may be an eye-opener, it's intended to strengthen your faith in our Creator.

**The Great Pyramid Speaks** Joseph B. Gill, 1984

Return of the Children of Light Judith Bluestone Polich, 2001-08-01 A personal exploration of the conjunction between ancient Mesoamerican prophecy and New Age higher consciousness. • Selected by the Independent Publisher's Book Awards as one of the top two New Age books of the year. • Explores ancient prophecies and their relevance in the contemporary

world. The Incan and Mayan cultures saw themselves as “children of light”--descended from celestial realms--and their prophecies foretell a time of great spiritual awakening. They prophesied a time when the gateways to higher consciousness would open once again. That time is now. Award-winning author Judith Bluestone Polich draws on her extensive research in quantum physics, archaeoastronomy, holography, cosmology, and pioneering studies of human consciousness to show how science and contemporary thought are consistent with this ancient knowledge. As the ancients predicted, the human god-seed is beginning to awaken, and modern civilization is finally beginning to perceive human potential in ways that the ancient cultures accepted as truth. Polich introduces techniques for awakening our own human potential through dreaming, meditations, and the power of sacred sites.

Enjoying the Beat of Phrase: An Emotional Symphony within **Speed Of Light Great Pyramid**

In a world used by monitors and the ceaseless chatter of instant communication, the melodic splendor and psychological symphony created by the published term often disappear in to the background, eclipsed by the relentless sound and disturbances that permeate our lives. Nevertheless, situated within the pages of **Speed Of Light Great Pyramid** a stunning fictional prize full of organic thoughts, lies an immersive symphony waiting to be embraced. Crafted by an outstanding

composer of language, that fascinating masterpiece conducts visitors on a psychological trip, well unraveling the hidden melodies and profound affect resonating within each cautiously constructed phrase. Within the depths of this poignant review, we shall explore the book's main harmonies, analyze their enthralling writing type, and surrender ourselves to the profound resonance that echoes in the depths of readers' souls.
