Becoming Successful (Harvesting Your Success) Gaddiel R. Ackah,2021-07-15 Conclusion. When moments pass in our lives and we realize that our lives mismatch the life we imagined in our past, its better we change our current choices, decisions, and dreams so that we can enjoy better life in future because everything you are doing now reflects your life in the future. We reap what we sow. Successful life is never a mere hoping and wishing, but it's about active doing, active determination, and active becoming by sowing meaningful big dreams and investments today to get meaningful life tomorrow. Becoming successful is not limited to age, location or education. It is only limited to 'I won't'. Success depends on principles and positive use of your brain. The human brain including yours are the storehouse of all the magic we need to heal all the wounds of unsuccessful lives in our world. Just change your altitude and take first step to begin something now and you will enjoy success as J. K. Rowling said "We do not need magic to transform our world. We carry all of the powers we need inside ourselves already". It's never too late, too young or too old to begin planning your future from now and get started all over by dreaming newer goals and possibilities today for a better future. Officer Ackah, using practical examples, prompts readers that the great technological and infrastructural advancements and positions in the United States and elsewhere did not magically fall from the sky, but they were created by the positive application of the minds of ordinary people like you. This book helps you to change your altitudes, thinking and get started to create unimaginable successes, advancements and positions in our world to place you on top, and you will become the topic of remembrance. Officer Ackah,

speaking from personal experiences of victory and success from both the civilian and military points, has provided the positive, passionate, practical and possible principles to arouse your appetite for creating unbelievable successes to change your life exceptionally and to effect inimitably the transformation of our world. Gaddiel R Ackah is encouraging readers in finding freedom in their lives to overcome the three mistakes that block successful living; fear to identify one's purposes in life, ignorant of how powerful their brain can work to change things and the misunderstanding of creating desirable successes. He prompts that you are not living to tiptoe and die but to achieve your dreams by your positive and courageous daily choices and investments. When life is not okay, but you are struggling in life, this book is for you to reexamine and change your goal, job title, and social status. 2 2

Your Glorious, Victorious Journey Charles Garrett, 2015-11-18 Success principles are almost universal, but are often difficult to apply. This is true for Christians who attempt to live for Christ and still answer the demands of everyday living. In *Your Glorious, Victorious Journey*, author Charles Garrett presents a simple, yet effective outline and plan to help ensure success as a Christian. Garrett offers keys to success with the ultimate goal of being an effective servant, finding a map for your journey, and making a battle plan to help you fight the attacks of the enemy. He shows you how to: discover your purpose; declare your principles; determine your priorities; describe your prize; decide your price; develop your plan; deploy your parachute; discuss your progress; and deliver your proof. *Your Glorious, Victorious Journey* discusses the strategic keys to help you identify and clarify your purpose in life and help plan your route. It addresses the tactical keys, the mileposts along your journey that represent your master plan and your detailed road map. With a fresh and well-seasoned perspective gained through personal experience, Garrett gives a new dynamic to successful Christian living by taking concepts that are typically reserved for business and applying them to personal spiritual success.

Rebel Leadership Luis Urdaneta, 2023-04-11 A rags to riches story about a young Venezuelan boy who chased his dreams and rose to success, founding a near billion-dollar company. Having grown up poor in Venezuela and without a high school diploma, Luis Urdaneta's future did not look big or bright. Yet, a rebel since childhood, he did not let his circumstances define him and decided he would change his life for the better. He received his first taste of success as a direct salesperson for Tupperware, where he met mentors who taught him what it took to make it to the top. That, combined with his belief in himself, helped him achieve great success. Then at only thirty-nine, he lost everything when he turned away

from direct sales—his true passion. However, he reset his focus, returning to direct sales and launching his own direct sales company in Venezuela. He soon realized he needed to push for new levels, so surrounded with trusted teammates and family, he began chasing the American Dream. The MONAT brand was introduced to market, selling high-end beauty products, and has since become a near-billion-dollar company. In *Rebel Leadership*, Urdaneta shares the key character traits required to achieve your dreams and goals. You'll learn how he developed his rebel leadership style and why he believes that, just like him, you can become successful by dreaming big. Hint: it takes a lot of hard work, discipline, and never giving up. You'll be inspired by his rags to riches story and learn what makes a true rebel leader in life and in business. As Luis says, "If you behave like a leader, act every day with faith, believe in yourself, and have a clear true north, you will achieve success."
