The Last of Her Kind Sigrid Nunez, 2006-12-12 The paths of two women from different walks of life intersect amid counterculture of the 1960s in this haunting and provocative novel from the National Book Award-winning author of *The Friend Named A*. A Best Book of the Year by the San Francisco Chronicle and the Christian Science Monitor, Sigrid Nunez's *The Last of Her Kind* introduces two women who meet as freshmen on the Columbia campus in 1968. Georgette George does not know what to make of her brilliant, idealistic roommate, Ann Drayton, and her obsessive disdain for the ruling class into which she was born. She is mortified by Ann's romanticization of the underprivileged class, which Georgette herself is hoping college will enable her to escape. After the violent fight that ends their friendship, Georgette wants only to forget Ann and to turn her attention to the troubled runaway kid sister who has reappeared after years on the road. Then, in 1976, Ann is convicted of murder. At first, Ann's fate appears to be the inevitable outcome of her belief in the moral imperative to make justice in a world where there are no innocent white people. But, searching for answers to the riddle of this friend of her youth, Georgette finds more complicated and mysterious forces at work. The novel's narrator Georgette illuminates the terrifying life of this difficult, doomed woman, and in the process discovers how much their early encounter has determined her own path, and why, decades later, as she tells us, I have never stopped thinking about her.

The Last Of Us Julie Miracle, 2021-01-13 *THE LAST OF US* Episode 1. End of the World Episode Summary Chapter 1: Prologue The game begins in 2013 by introducing Joel, a single father living in Austin, Texas, with his 12-year-old daughter Sarah. On the night of his birthday, a sudden outbreak of a very severe brain infection originating from an unknown fungus rapidly spreads throughout the United States. As Joel and Sarah meet up with his brother Tommy, they attempt to flee the area. Joel and Sarah are briefly separated from Tommy, as the latter keeps the infected at bay. Joel and Sarah continue to flee, and they encounter a lone soldier who is ordered to open fire on them. He does, and Joel and Sarah fall down a hill, separated from each other by only a few feet. When the soldier is about to execute Joel, he is shot in the head by Tommy. Joel survives the attack with minor injuries, but Sarah was fatally wounded and dies in Joel's arms. Chapter 2: Quarantine Zone Following the prologue, the game cuts to twenty years later in the Summer of 2033. Joel is now a smuggler in a bleak, post-apocalyptic society in the Boston quarantine zone with his partner and friend Tess, where they frequently sneak out of the city illegally to trade with other survivors. After coming back from a deal with another client, Tess explains to Joel that she was jumped on the way back from the deal by two men, who had the intention to kill her. The two set out to look for a local arms dealer named Robert, who had stolen guns from them. When they find him, he confesses that he had sold the guns because he owed them to the Fireflies. Angered by this revelation, Tess shoots Robert twice in the head, and the two decide

to look for the Fireflies and explain what happened to retrieve their merchandise. Shortly after, they encounter Marlene, the head of the Fireflies, and she tells them that she will part with the guns and double the payment if they agree to smuggle something out of the city for her. At the safehouse that Marlene takes them to, it is revealed that they will be smuggling a young girl by the name of Ellie. Tess and Joel split up, with Tess following Marlene back to her camp to confirm that she has their payment, and Joel escorting Ellie back to their own safehouse to wait for Tess...
