The 12th Planet (Book I) Zecharia Sitchin,1991-05-01 Over the years, startling evidence has been unearthed, challenging established notions of the origins of Earth and life on it and suggesting the existence of a superior race of beings who once inhabited our world. The product of thirty years of intensive research, *The 12th Planet* is the first book in Zecharia Sitchin's prophetic Earth Chronicles series--a revolutionary body of work that offers indisputable documentary proof of humanity's extraterrestrial forefathers. Travelers from the stars, they arrived eons ago, and planted the genetic seed that would ultimately blossom into a remarkable species...called Man. *The 12th Planet* brings to life the Sumerian civilization, presenting millennia-old evidence of the existence of Nibiru, the home planet of the Anunnaki and of the landings of the Anunnaki on Earth every 3,600 years, and reveals a complete history of the solar system as told by these early visitors from another planet. Zecharia Sitchin's Earth Chronicles series, with millions of copies sold worldwide, deal with the history and prehistory of Earth and humankind. Each book in the series is based upon information written on clay tablets by the ancient civilizations of the Near East. The series is offered here, for the first time, in highly readable, hardbound collector's editions with enhanced maps and diagrams.

Summary of Zecharia Sitchin's The 12th Planet Everest Media,2022-06-13T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 The Old Testament is the source of the biblical verses

quoted in *The Twelfth Planet*. The credibility of the Bible was shaken by the acceptance of Evolution, but if Man evolved, then he could not have been created all at once by a deity who premeditated him. #2 *The Twelfth Planet* is a narrative that attempts to answer the specific questions of When, How, Why and Wherefrom. It explains how the solar system was formed, an invading planet caught into solar orbit, and Earth and other parts of the solar system brought into being.

The 12th Planet Zecharia Sitchin, 2000

Twelfth Plan Zecharia Sitchin, 2007-03-27 Over the years, startling evidence has been uncovered, challenging established notions of the origins of life on Earth—evidence that suggests the existence of an advanced group of extraterrestrials who once inhabited our world. The first book of the revolutionary *Earth Chronicles* series offers indisputable documentary evidence of the existence of the mysterious planet Nibiru and tells why its astronauts came to Earth eons ago to fashion mankind in their image. The product of more than thirty years of meticulous research, *The 12th Planet* treats as fact, not myth, the tales of Creation, the Deluge, the Tower of Babel, and the Nefilim who married the daughters of man. By weaving together the biblical narrative with Sumerian and Babylonian clay-tablet texts, it challenges the established notions of the origins of Earth and mankind, and offers a compelling alternative history and prehistory of both.

Zecharia Sitchin and the Extraterrestrial Origins of Humanity M. J. Evans, 2016-05-17 An in-depth analysis of Sitchin's revelations about the Anunnaki, early humanity, and Earth's future • Examines Sitchin's research into the Anunnaki arrival on Earth, the lineage of the Nefilim, their space travel technology, and their creation of modern humans • Written by longtime Sitchin friend and colleague M. J. Evans, Ph.D., and draws upon her research and personal discussions with Sitchin • Explores the lust and lovemaking relationships of the Nefilim and suggests we inherited our warlike and love making tendencies from them Known for his provocative interpretations of ancient Sumerian and Akkadian clay tablets, Zecharia Sitchin (1920-2010) read the words of our most ancient ancestors as fact and, through decades of meticulous research, showed that these ancient tablets revealed a coherent narrative about the extraterrestrial inhabitants of Earth and the origins of modern humanity. Drawing upon her many conversations with Zecharia Sitchin over nearly 20 years, M. J. Evans, Ph.D., longtime Sitchin friend and colleague, provides an in-depth analysis of Sitchin's revelations about the Anunnaki, focusing on Anunnaki activities on Earth and Earth's future. She explores the genesis of Sitchin's interest in the Nefilim, the leaders of the Anunnaki, and the controversy caused by the publication of Sitchin's first book, *The 12th Planet*. She examines Sitchin's research into the Nefilim family tree, the Anunnaki arrival on Earth to mine gold to repair the atmosphere on their planet, Nibiru, and their creation of modern humans as workers for their mines and to build their civilization on Earth. She shows how, in the context of 21st-century technological capabilities, Sitchin's work casts a different light on ancient events, with implications for our future. The author reveals the details of the love and lust proclivities of the Nefilim gods Anu, Enlil, and Enki and the goddess Ishtar/Inanna and shows how we inherited these tendencies from our Anunnaki creators as well as

their use of war for problem solving. Concluding with an examination of Sitchin's prediction of a nuclear event on Earth in our modern era, she shows how we would be repeating the aggressive warlike behaviors of our Anunnaki creators, who may very well become our saviors when Nibiru next returns to our solar system.

We Are the Nibiruans Jelaila Starr, 2004 Recently astronomers have announced that a large planet-like body is orbiting beyond Pluto. Zecharia Sitchin talked of the the 12th Planet -- Nibiru. Author Jelaila Starr is an ambassador from Nibiru, sent here in advance of the 12th Planet. In this book she gives the reader the key to compassion, the clear method by which each of us can find peace in our lives and put to rest the torment and disturbances we all suffer. Included is the true history of Planet Earth, where we come from and why we are here. Do not miss this ground-breaking work.

Within these volumes, Sitchin--one of the few scholars able to read and interpret ancient Sumerian and Akkadian clay tablets--presents indisputable millennia-old proof of humanity's extraterrestrial forefathers, the Anunnaki, who visited Earth every 3,600 years from their home planet Nibiru. DNA Vs. Evolution L. D. Virgilio, 2009-11 Every Generation of historians reviews and revises the work of its predecessors. We know that the best historical writers of today's generation undertake such a task. Displaying wit and depiction flair, their elegant essays offer a fresh perspective on their most fascinating group of Americans: the American Author. Who better than I could possibly write a new assessment of intellectuals, and those around them? In this age of hypothetical one-dimensional entity, short string theories and Bing Bang scientific study of the origin and structure of the universe, we're used to thinking of the unknown as incredibly distant from our every day lives. The latest theories of physics, in fact, deal with phenomena so unapproachable that we don't know if we will ever be able to run the experiments needed to test them. Because of this occurrence we have some people speaking, the end of science. In this specially selected illustrated book many extraordinary men throughout the millions of year's history of Man could not have imagined that they made it possible for ordinary people to live and survive on Planet Earth. L. D. Virgilio - Author

Forbidden Theology Miles Augustus Navarr, 2012 Over 75% of the people who live on this planet are followers of one of

the three major monotheistic religions. They all consider Abraham as the father of their race and religion. They all believe in one singular, all powerful, all knowing benevolent god. The Hebrew call him Yahweh, the Christians refer to him as Father or Lord and Muslims call him Allah, and yet millions and millions of people have been murdered, maimed and tortured by the followers of this single entity to prove that their version of this single god is better than the other two versions. Sounds ridiculous, and yet sadly enough, more people have died in the name of religion than any other cause in the history of humanity. Each and every one of us at one time or another has asked or thought about such fundamental questions as, 'Is there a God?' 'Where did humans come from?' 'Why out of millions of species on earth, only humans reached this level of sophistication?' 'Is there a life after death?' 'Is there a purpose to life?' 'Why are we here?' 'Are the scriptures truly the words of god?' More importantly, is there any way we could find answers to such questions? The fact is, the answer to most of these questions, and many more, that we thought unanswerable, have been written down on clay tablets by our ancient ancestors who lived in Mesopotamia over 7000 years ago. These records are readily available to those who are willing to step outside the dogmatic belief system of the establishment, and are prepared, mentally and spiritually, to tolerate a totally different rendering of the oldest written historical records about mankind's origin, purpose and the truth about god, our maker. The subject matter of this book is an attempt to investigate the circumstances under which Mankind was made, and to trace the beginning and development of such concerns as the emergence of the concept of god and the formation of what later became known as religion. This is done primarily by relying on our scriptural texts, particularly the Old Testament, as well as other ancient manuscripts such as Sumerian, Akkadian and Babylonian Creation and Genesis epics. The first chapter begins by examining the behaviour, commands and instructions given by Yahweh to his chosen people. These commands and instructions are then evaluated and compared with basic accepted human rights standards practised and observed by almost all communities and societies, past and present. The question is then asked, How could an entity, powerful enough to have created the entire universe, issue such cruel and sadistic commands against some of his own creations? Furthermore, Yahweh's behaviour is decidedly pro Hebrew, and shows no regards or thought about non Hebrew masses. How could the universal god show such bias towards a tiny fraction of his creatures, with total disregard for the rest? Finally the characteristics and personalities of Yahweh is analysed by scrutinising his behaviour, actions and directives as stated in the Old Testament, before examining the god of Christianity. In investigating the role and characteristics of God in Christianity, the first thing that immediately becomes apparent is the absence of a prominent role for God the Father, as we had witnessed in Judaism. The Christians, or more specifically Saint Paul, who was the founder and designer of Christianity as we know it today, in order to distance his creation from the Hebrews and religion of Yahweh, invented a new Godhead and named him Jesus Christ (Ancient Greek: Ἰησοῦς Iêsous). Born of a virgin, with powers to heal the sick, give sight to the blind and even raise the dead, who was crucified but resurrected three days later. These were all characteristics borrowed from various

religions and cults prevalent at the time in the Levant, from Mithraism to the cult of Apoll

Angels, Aliens and Prophecy Betsey Lewis, 2012-03-12 Reviews This book is amazing and I have been reading it non-stop! Betsey's knowledge and intellect of UFOs/Aliens and the paranormal has quite simply floored me. Anthony Sanchez, Author of UFO Highway, Conference Organizer of SACUFOCON Angels, Aliens and Prophecy is astonishing! I can hardly put it down. Best-selling Author of The Tujunga Canyon Contacts and renowned Earth Mysteries Investigator Ann Druffel One of the better books I have read of late as it draws upon the author's wealth of knowledge and ability to tie all the elements together - aliens, religious visions, alien abductees, time travel, parallel universes and prophecy. This special book brings up many fascinating questions, but provides many tantalizing answers to the mysteries in our world that most books in this genre fail to do. Posted on Amazon Books Awesome reading! Thank You. Dori - Florida About Angels, Aliens and Prophecy Betsey Lewis, intuitive, earth mysteries investigator and host of Rainbow Visions Radio Show since 2009, explores the mysterious connection between angels and aliens since recorded history, and the startling prophecies given by these beings in her new book, Angels, Aliens and Prophecy. Is it possible ancient aliens and time travelers have changed time lines and events? Absolutely, says Lewis who investigated these enigmatic subjects for the past forty years. In 1983, Lewis uncovered surprising information about her UFO encounters from the hypnosis session conducted by renowned UFO investigator Ann Druffel, included in the book. A secret was given to Lewis as a child, but erased from her memory until recently. She reveals the secret, her startling predictions for 2012 and beyond, and the connection between angels and aliens.
