**To Be a Man** Robert Augustus Masters, PhD, 2015-01-01 Many men—despite achieving great jobs and lifestyles—find themselves burdened with dissatisfaction, disconnection, and self-doubt. Robert Augustus Masters has helped thousands of men work through such issues, by facing their unresolved wounds and shame, bringing their head, heart, and guts into full-blooded alignment. With *To Be a Man*, this acclaimed psychotherapist and relationship expert offers a groundbreaking and deeply insightful guide to masculine power and fulfillment. In this book, readers will explore: • How your past may be dominating your present • Shame in its healthy and unhealthy forms, and how to make wise use of it • How vulnerability can be a source of strength • Emotional literacy—an essential skill for relational well-being • Releasing sex from the obligation to make you feel better • How to disempower your inner critic • Bringing your shadow (whatever you’ve disowned in yourself) out of the dark • What women need from men • Understanding and outgrowing pornography • Discovering the heartland of true masculine power If you’ve read your share of popular advice on relationships and being a man—but realize on a gut level that it’s going to take some serious inner work—*To Be a Man* is a fantastic entry into the modern challenge of embracing a mindful, considerate, passionate, and fully embodied masculinity. Join Robert Augustus Masters to discover what’s needed to enter a manhood as strongly empowered as it is vulnerable, a manhood at home with intimate relationship and with life itself.

**Maxims of Thought** Richard Downing, 2008 We are constantly being told What to Think, but seldom How to Think. *Maxims of Thought* attempts to illustrate some of history's greatest (and least understood) thoughts, and how they apply to today's ongoing search for inner peace. As every age of history has passed, the great minds of that age have recorded clues as to the mastery of thought. These have been all but forgotten lessons we can employ in our day to day lives as we attempt to progress from mediocrity to excellence. Here, Downing has not only assembled some of the most important thoughts ever recorded, he has also broken them down as they relate to contemporary theories on personal growth. Really, this is a modern day How to Think guide using lessons dating from 600BC to present.

**The World's Fearlessness Teachings** R. Michael Fisher, 2010 *The World's Fearlessness Teachings* addresses the human fear problem in a truly unique and insightful way, summarizing the teachings on fearlessness from around the world and throughout history. The author then utilizes critical integral theory (a la Wilber) as an approach to categorize the developmental and evolutionary spectrum of fear management systems known thus far. The author has spent twenty years

researching the timely topic of fear and how to best manage and transform it. From this experience, he offers an educational healing vision to address the challenges of a dangerous 21st century. Fear's empire has taken rule. It is time to resist it using the best intelligence from both sacred and secular traditions, as well as the transformational theories humanity has to offer. Fisher maps out ten fear management systems that will benefit future-positive leaders everywhere.

**The Seven Deadly Virtues** Jonathan V. Last, 2014-10-14 An all-star team of eighteen conservative writers offers a hilarious, insightful, sanctimony-free remix of William Bennett's *The Book of Virtues*—without parental controls. The *Seven Deadly Virtues* sits down next to readers at the bar, buys them a drink, and an hour or three later, ushers them into the revival tent without them even realizing it. The book's contributors include Sonny Bunch, Christopher Buckley, David "Iowahawk" Burge, Christopher Caldwell, Andrew Ferguson, Jonah Goldberg, Michael Graham, Mollie Hemingway, Rita Koganzon, Matt Labash, James Lileks, Rob Long, Larry Miller, P. J. O'Rourke, Joe Queenan, Christine Rosen, and Andrew Stiles. Jonathan V. Last, senior writer at the *Weekly Standard*, editor of the collection, is also a contributor. All eighteen essays in this book are appearing for the first time anywhere. In the book's opening essay, P. J. O'Rourke observes: "Virtue has by no means disappeared. It's as much in public view as ever. But it's been strung up by the heels. Virtue is upside down. Virtue is uncomfortable. Virtue looks ridiculous. All the change and the house keys are falling out of Virtue's pants pockets." Here are the virtues everyone (including the book's contributors) was taught in Sunday school but have totally forgotten about until this very moment. In this sanctimony-free zone:

- Joe Queenan observes: "In essence, thrift is a virtue that resembles being very good at Mahjong. You've heard about people who can do it, but you've never actually met any of them."
- P. J. O'Rourke notes: "Fortitude is quaint. We praise the greatest generation for having it, but they had aluminum siding, church on Sunday, and jobs that required them to wear neckties or nylons (but never at the same time). We don't want those either."
- Christine Rosen writes: "A fellowship grounded in sociality means enjoying the company of those with whom you actually share physical space rather than those with whom you regularly and enthusiastically exchange cat videos."
- Rob Long offers his version of modern day justice: if you sleep late on the weekend, you are forced to wait thirty minutes in line at Costco.
- Jonah Goldberg offers: "There was a time when this desire-to-do-good-in-all-things was considered the only kind of integrity: 'Angels are better than mortals. They're always certain about what is right because, by definition, they're doing God's will.' Gabriel knew when it was okay to remove a mattress tag and Sandalphon always tipped the correct amount."
- Sonny Bunch dissects forbearance, observing that the fictional *Two Minutes Hate* of George Orwell's 1984 is now actually a reality directed at living, breathing people. Thanks, in part, to the Internet, "Its targets are designated by a spontaneously created mob—one that, due to its hive-mind nature—is virtually impossible to call off." By the time readers have completed *The Seven Deadly Virtues*, they won't even realize that they've just been catechized into an entirely different—and better—moral universe.

Conscious Courage Maureen Stearns, 2004 *Conscious Courage* teaches the reader how to challenge everyday self-defeating thoughts and move through emotional discomfort (a natural part of growth and change). Easy-to-read book packed with Courage Suggestions fosters a new awareness of opportunities for Conscious Courage. This book offers practical steps for becoming more and more consciously courageous on a daily basis. The message is timeless.
